

**INDEPENDENT AUDITOR'S REPORT**

To  
The Members of  
Ahmedabad Ring Road Infrastructure Limited  
Report on the Financial Statements

**Opinion**

We have audited the accompanying financial statements of **Ahmedabad Ring Road Infrastructure Limited** ("the Company"), which comprise the Balance Sheet as at 31st March, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flow and Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information (herein after referred to as 'financial statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

**Basis for Opinion**

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

**Information Other than the Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report and Shareholder's Information but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

S G D G & Associates LLP, a Limited Liability Partnership with LLP Identity No. AAI-3248

5-6, Shivalik Plaza, Opp. A.M.A., ATIRA, Polytechnic, Ambawadi, Ahmedabad - 380 015  
Contact No. : +91-9974940700, 9820851518 • Email : info@sgdg.co.in • Website : www.sgdg.co.in

**S G D G & Associates LLP**  
**Chartered Accountants**

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Management's Responsibility for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in Section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

**Auditor's Responsibility**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

**S G D G & Associates LLP**  
**Chartered Accountants**

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

**Report on Other Legal and Regulatory Requirements**

1. As required by Section 143(3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - (c) The Balance Sheet, the Statement of Profit and Loss, the Statement of Cash Flow and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
  - (d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with relevant rules issued thereunder.
  - (e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
  - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure – A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the company's financial controls over financial reporting.

**S G D G & Associates LLP**  
**Chartered Accountants**

- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, we report that, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company is in accordance with the provisions of section 197 of the Act.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company did not have any pending litigations which would impact its financial position.
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure – B" a statement on matters specified in paragraphs 3 and 4 of the order.

**ANNEXURE - A**  
**TO THE INDEPENDENT AUDITOR'S REPORT**

(Referred to in paragraph 1 under "Report on Other Legal and Regulatory Requirements" section of our report the members of Ahmedabad Ring Road Infrastructure Limited of even date)

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

**In conjunction with our audit of the financial statements of Ahmedabad Ring Road Infrastructure Limited (The Company) as of and for the year ended March 31, 2021, we have also audited the internal financial controls over financial reporting of the Company.**

**Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

**S G D G & Associates LLP**  
**Chartered Accountants**

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that;

- 1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- 3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

**ANNEXURE – B**

**TO THE INDEPENDENT AUDITOR'S REPORT**

(Referred to in paragraph 2 under "Report on Other Legal and Regulatory Requirements" section of our report the members of Ahmedabad Ring Road Infrastructure Limited of even date)

**Report on the Companies (Auditor' Report) Order, 2016, issued in terms of section 143 (11) of the Companies Act, 2013('the Act') of Ahmedabad Ring Road Infrastructure Limited ('the Company')**

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The fixed assets have been physically verified during the year by the Management in accordance with programme of physical verification, which in our opinion, provides for physical verification of all fixed assets at a reasonable intervals having regard to size of the Company and nature of fixed assets. According to the information and explanation given to us, no material discrepancies were noticed on such verification.
- (c) The title deeds of the immoveable property are held in the name of the Company.
- (ii) The Company had no inventory during and at the year end. Therefore, the reporting requirements of paragraph 3(ii) of the Order is not applicable.
- (iii) (a) The Company has granted loan to its holding company and Ultimate holding company listed in the register maintained under section 189 of the Act. In our opinion and according to information and explanation provided to us, the terms and the conditions of loan granted by the company to its holding company covered in the register maintained under Section 189 of the Companies Act, 2013 (total loan amount granted during the year Rs 227.97 millions and balance outstanding as at 31.03.2021 is Rs 60.93 millions) and to Ultimate Holding company covered in the register maintained under Section 189 of the Companies Act, 2013 (total loan amount granted Rs 183.70 millions upto 31.03.2021 and balance outstanding as at 31.03.2021 Rs Nil) are prejudicial to the Company's interest on account of the fact that the loans have been granted at Nil interest rate per annum.
- (b) The loan granted is repayable on demand. We are informed that the company has not demanded repayment of any such loan during the year, and thus, there has been no default on the part of the parties to whom the money has been lent.
- (c) Since the cited loans are repayable on demand, hence , reporting under this clause in respect of overdue balance is not applicable.

**S G D G & Associates LLP**  
**Chartered Accountants**

- (iv) In our opinion and according to the information and explanation given to us, in respect of loan given to holding company, provisions of section 185 and 186 of the Act are not applicable and hence not commented upon. Further the Company has not made investments or provided guarantees or security, attracting the provisions of sections 185 and 186 of the Act.
- (v) The Company has not accepted deposits from the public within the meaning of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under.
- (vi) We have broadly reviewed books of accounts maintained by the company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Act and are of the opinion that prima facie prescribed accounts and records have been maintained by the company in respect of construction activity.
- (vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/accrued in the books of account in respect of undisputed statutory dues including income tax, goods and services tax and other material statutory dues as applicable have generally been regularly deposited during the year by the Company with the appropriate authorities.  
According to the information and explanations given to us, no undisputed amounts payable in respect of income tax, cess, goods and services tax and other material statutory dues were in arrears as at 31<sup>st</sup> March 2021 for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us, there are no dues of income tax, or goods and services tax or cess which have not been deposited with the appropriate authorities on account of any dispute.
- (viii) Based on our audit procedure and according to information and explanation given by management, we are of the opinion that the Company has not defaulted in repayment of dues to banks. The company did not borrow money from government or does not have any borrowing by issue of debentures.
- (ix) The Company has not raised any money by way of initial public offer or further public offer. In our opinion and according to the information and explanations given by the management, the company has utilized the monies raised by term loans and debt instruments for the purposes for which they were raised.
- (x) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and as per the information and explanations given by the Management, we report that no fraud by the Company or no material fraud on the company by the officers and employees of the company has been noticed or reported during the year.
- (xi) In accordance with requirement of section 197 (16) of the Act, as amended, we report that, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the company in accordance with provisions of section 197 of the Act.

**S G D G & Associates LLP**  
**Chartered Accountants**

- (xii) In our opinion the Company is not a Nidhi Company. Therefore the reporting requirement of Clause 3(xii) of the Order is not applicable to the Company.
- (xiii) According to the information and explanation given to us and on the basis of our examination of the records of the Company, all the transactions with related parties are in compliance with Sections 177 and 188 of the Act where applicable and also the details which have been disclosed in the financial statements are in accordance with the applicable Indian Accounting Standards.
- (xiv) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Hence the reporting requirements of paragraph 3(xiv) of the Order are not applicable to the Company.
- (xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into any non-cash transactions with Directors or persons connected to directors and hence provisions of Section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi) According to the information given and as explained to us, the company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

## Ahmedabad Ring Road Infrastructure Limited

### Notes to Financial statement for the year ended March 31, 2021

#### 1. Company information:

Ahmedabad Ring Road Infrastructure Limited ("the Company") is a private limited company domiciled in India and is incorporated under the provisions of the Companies Act. It is wholly owned subsidiary of Sadbhav Infrastructure Project Limited which is listed on two stock exchanges in India. The registered office of the company is located at Ellisbridge, Ahmedabad-380006.

The Company was incorporated as a Special Purpose Vehicle (SPV) in August, 2006, for the purpose of Improvement and widening to Four lane of 2 Lanes Sardar Patel Ring Road around Ahmedabad city 76 kms in the state of Gujarat on Built, Operate and Transfer (BOT) basis. The Concession period is of 20 years including construction period of 18 months. The Company obtained completion certificate on 30th June, 2018 from the AUDA. As per CA, the company is entitled to charge users of the public service; hence the service arrangement has been classified as Intangible Asset.

The financial statements were authorized for issue in accordance with a resolution of the directors on June 28, 2021.

#### 2. Basis of preparation and presentation of financial statement:

##### (a.) Compliance with IND AS:

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 and relevant amendment rules issued thereafter.

The company has applied the applicable standards and/or amendments to existing standards effective from April 1, 2020 in the preparation and presentation of financial statements for the year ending on March 31, 2021.

Most of the amendments did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

##### (b.) Basis of Presentation:

The Balance Sheet, the Statement of Profit and Loss and Statement of Changes in Equity are prepared and presented in the format prescribed in Schedule III to the Companies Act, 2013 ("the Act"). The Cash Flow Statement has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows".

The financial statements are presented in INR, which is the functional currency and all values are rounded to the nearest million (INR 000,000), except when otherwise indicated.

##### (c.) Basis of Measurement:

The financial statements have been prepared on historical cost basis, except for certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments).

##### (d.) Use of estimates and judgements:

The preparation of these financial statements is in conformity with IND AS which requires the management to make estimates and assumptions considered in the reported amounts of assets, liabilities (including contingent liabilities), income and expenses. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Actual results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialize. Estimates include the useful lives of property

## Ahmedabad Ring Road Infrastructure Limited

### Notes to Financial statement for the year ended March 31, 2021

plant and equipment and intangible fixed assets, allowance for doubtful debts/advances, future obligations in respect of retirement benefit plans, provisions for major maintenance expenses, provision for premium obligations, provision for incomplete work, fair value measurement etc. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

### 3. Summary of significant accounting policies

The following are the significant accounting policies applied by the company in preparing its financial statements:

#### 3.1 Current versus non-current classification

The Company presents assets and liabilities in the Balance Sheet based on current/non-current classification. An asset is current when it is:

- expected to be realised or intended to be sold or consumed in the normal operating cycle;
- expected to be realised within twelve months after the reporting period; or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- it is expected to be settled in the normal operating cycle;
- it is due to be settled within twelve months after the reporting period; or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

#### Operating cycle

The Operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its normal operating cycle.

### 3.2 Service Concession Arrangements

#### Toll collection rights

The Company builds infrastructure assets under public-to-private Concession Arrangements which it operates and maintains for periods specified in the Concession Arrangements.

Under the Concession Agreements, where the Company has received the right to charge users of the public service, such rights are recognised and classified as "Intangible Assets" in accordance with Appendix D to Ind AS 115. Such right is not an unconditional right to receive consideration because the amounts are contingent to the extent that the public uses the service and thus are recognised and classified as intangible assets. Such an intangible asset is recognised by the Company at cost (which is the fair value of the consideration received or receivable for the construction services delivered) and is capitalized when the project is complete in all respects and when the company receives the completion certificate from the authority as specified in the Concession

## Ahmedabad Ring Road Infrastructure Limited

### Notes to Financial statement for the year ended March 31, 2021

Agreement. The economics of the project is for the entire length of the road / infrastructure as per the bidding submitted.

#### Amortization of Toll collection rights

The intangible assets which are recognised in the form of Toll right to charge users of the infrastructure asset are amortized by taking proportionate of actual revenue received for the year over Total Projected Revenue from project to Cost of Intangible assets i.e. proportionate of actual revenue earned for the year over Total Projected Revenue from the Intangible assets expected to be earned over the balance concession period as estimated by the management.

As required, total Projected Revenue reviewed by the management at the end of each financial year and accordingly, the total projected revenue is adjusted to reflect any changes in the estimates which lead to the actual collection at the end of the concession period.

### 3.3 Property, Plant and Equipment

Property, Plant and Equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost comprise the purchase price, borrowing costs if the recognition criteria are met and directly attributable cost of bringing the assets to its working condition for its intended use. When significant parts of plant and equipment are required to be replaced at intervals, the company depreciates them separately based on their specific useful lives.

All other expenses on existing property plant and equipment, including day-to-day repair and maintenance expenditure are charged to the statement of profit and loss for the period during which such expenses are incurred.

#### Derecognition

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognised.

#### Depreciation

Depreciation on Property, Plant and Equipment is provided on the written down value method basis over useful lives of the assets as prescribed under Part C of Schedule II to the Companies Act, 2013. When parts of an item of property, plant and equipment have different useful life, they are accounted for as separate items (Major Components) and are depreciated over their useful life or over the remaining useful life of the principal assets whichever is less.

Depreciation for assets purchased/sold during a period is proportionately charged for the period of use.

The estimated useful lives, residual values and depreciation method of property, plant and equipment are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

### 3.4 Intangible assets:

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, Intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any

The useful lives of intangible assets are assessed as either finite or indefinite.

## Ahmedabad Ring Road Infrastructure Limited

### Notes to Financial statement for the year ended March 31, 2021

Intangible assets with finite lives are amortised over their useful economic lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the Statement of Profit and Loss.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

An intangible asset is derecognised upon disposal (i.e., at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal. Any gain or loss arising upon derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss; when the asset is derecognised.

#### Amortization

The intangible assets which are recognised in the form of Toll right to charge users of the infrastructure asset are amortized by taking proportionate of actual revenue received for the year over Total Projected Revenue from project to Cost of Intangible assets i.e. proportionate of actual revenue earned for the year over Total Projected Revenue from the Intangible assets expected to be earned over the balance concession period as estimated by the management.

As required, total Projected Revenue is reviewed by the management at the end of the each financial year and accordingly, the total projected revenue is adjusted to reflect any changes in the estimates which lead to the actual collection at the end of the concession period.

#### 3.5 Impairment – Non-financial assets

The company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs to sell and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. The impairment loss is recognised in the statement of profit and loss.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

The Company bases its impairment calculation on detailed budgets and forecasts calculation. These budgets and forecasts calculations generally covering a period of the concession agreements using long terms growth rates applied to future cash flows.

Intangible assets with indefinite useful lives are tested for impairment annually either individually or at the CGU level, as appropriate and when circumstances indicate that the carrying value may be impaired.

## Ahmedabad Ring Road Infrastructure Limited

### Notes to Financial statement for the year ended March 31, 2021

---

#### 3.6 Revenue from contract with customers

Revenue from contract with customer is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. The specific recognition criteria described below must also be met before revenue is recognized. The company has concluded that it is principal in its revenue arrangements because its typically controls services before transferring them to the customer.

##### i. Toll operation services

Revenue from Toll operation services is recognised over a period as each toll road-user simultaneously receives and consumes the benefits provided by the Company. However, given the short time period over which the company provides road operating services to each road user (i.e. the duration of the time it takes the road user to travel the length of the toll road), the Company recognises toll revenue when it collects the tolls as per rates notified by National Highway Authority of India.

##### ii. Construction services

Revenue from construction services is recognised over a period as the customer simultaneously receives and consumes the benefits provided by the Company and measure revenue based on input method i.e. revenue recognised on the basis of cost incurred to satisfaction of a performance obligation relative to the total expected cost to the satisfaction of that performance obligation. If the outcome of a performance obligation satisfied over time cannot be reasonably measured, revenue is calculated using the zero-profit method in the amount of the contract costs incurred and probably recoverable.

#### Contract Balances

##### Contract Assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the company performs by transferring goods or services to a customer pays consideration or before payment is due, a contract asset is recognized for the earned consideration that is conditional.

##### Contract Liabilities

A contract liability is recognised if a payment is received or a payment is due (whichever is earlier) from a customer before the Company transfers the related goods or services. Contract liabilities are recognised as revenue when the Company performs under the contract (i.e., transfers control of the related goods or services to the customer).

#### 3.7 Other Income

##### **Gain or loss on sale of Mutual Fund**

Gain or loss on sale of mutual fund is recorded on transfer of title from the Company, and is determined as the difference between the sale price and carrying value of mutual fund and other incidental expenses.

##### **Interest**

For all debt instruments measured at amortized cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortized cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in other income in the statement of profit and loss.

**Dividend**

Income from dividend on investment is accrued in the year in which it is declared, whereby right to receive is established.

**3.8 Investment Property**

Investment Property is measured initially at cost including related transaction costs. Such cost comprises the purchase price, borrowing cost if capitalization criteria are met. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any. All day-to-day repair and maintenance expenditure are charged to the statement of profit and loss for the period during which such expenses are incurred.

An Investment property is derecognised either when it has been disposed of or when it has been permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition. In determining the amount of consideration from the derecognition of investment property the Company considers the effects of variable consideration, existence of a significant financing component, non-cash consideration, and consideration payable to the buyer (if any).

Transfers are made to (or from) investment property only when there is a change in use.

**3.9 Borrowing costs**

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the year they occur. Borrowing cost consist of interest and other costs that company incurs in connection with the borrowing of funds as defined in Indian Accounting Standard 23 – Borrowing Cost.

**3.10 Leases**

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

**Company as lessee**

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

**Short-term leases and leases of low-value assets**

The Company applies the short-term lease recognition exemption to its short-term leases of building (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office building that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

**3.11 Financial Instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

## Ahmedabad Ring Road Infrastructure Limited

### Notes to Financial statement for the year ended March 31, 2021

---

#### a) Financial assets

##### i. Initial recognition and measurement of financial assets

All financial assets are recognized initially at fair value. Transaction costs that are directly attributable to the acquisition of financial assets that are not at fair value through profit or loss are added to the fair value on initial recognition. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date i.e. the date that the Company commits to purchase or sell the asset.

##### ii. Subsequent measurement of financial assets

For purposes of subsequent measurement, financial assets are classified in three categories:

- Financial assets at amortized cost
- Financial assets at fair value through other comprehensive income (FVTOCI)
- Financial assets at fair value through profit or loss (FVTPL)

##### • Financial assets at amortized cost :

A financial asset is measured at amortized cost if it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

##### • Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the above conditions mentioned in "Financial assets at amortized cost" are met. After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognized in the profit or loss.

##### • Financial assets at fair value through other comprehensive income:

A financial asset is measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding. Financial assets included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI).

##### • Financial assets at fair value through profit or loss:

FVTPL is a residual category for financial assets. Any financial asset which does not meet the criteria for categorization as at amortized cost or as FVTOCI is classified as at FVTPL.

##### iii. De-recognition of financial assets

A financial asset is de-recognized when the contractual rights to the cash flows from the financial asset expire or the Company has transferred its contractual rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

## Ahmedabad Ring Road Infrastructure Limited

### Notes to Financial statement for the year ended March 31, 2021

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognize the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

#### iv. Impairment of financial assets

The Company recognizes an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Other receivables

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

#### b) Financial Liabilities

##### i. Initial recognition and measurement of financial liabilities

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

All financial liabilities are recognised initially at fair value. All financial liabilities are recognised initially at fair value and, in the case of loan and borrowings and payable, net of directly attributable transaction costs.

##### ii. Subsequent measurement of financial liabilities

The measurement of financial liabilities depends on their classification, as described below:

- Financial liabilities at fair value through profit or loss
- Financial liabilities at amortized cost (loans and borrowings)

##### • Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in Ind-AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses on changes in fair value of such liability are recognized in the statement of profit or loss.

##### • Financial Liabilities at amortised cost (Loans and Borrowings)

After initial recognition, interest-bearing borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

**Ahmedabad Ring Road Infrastructure Limited**  
**Notes to Financial statement for the year ended March 31, 2021**

---

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

• **Equity component of Compound financial instruments**

The Company has borrowed subordinate debt in nature of Sponsors contribution in the project as per requirement of loan agreement, which the company has classified in the other equity as the same is redeemable at the Company's option and without coupon as per terms of contract.

**iii. Derecognition of financial liabilities**

A financial liability (or a part of a financial liability) is derecognised from its balance sheet when the obligation specified in the contract is discharged or cancelled or expired.

When an existing financial liability is replaced by another liability from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amount is recognized in the statement of profit and loss.

**c) Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if the Company currently has enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

**3.12 Fair Value Measurement**

The company measures financial instruments such as derivatives and Investment in Mutual Fund at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefit by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

**Ahmedabad Ring Road Infrastructure Limited**  
**Notes to Financial statement for the year ended March 31, 2021**

---

- Level 1 – Quoted (unadjusted) market price in active markets for identical assets or liabilities
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The company's management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments

At each reporting date, the management analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the company's accounting policies. For this analysis, the management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The management also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable on yearly basis.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy, as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- Significant accounting judgements, estimates and assumptions
- Quantitative disclosures of fair value measurement hierarchy
- Financial instruments (including those carried at amortized cost)

### **3.13 Employee Benefits**

#### **a) Short Term Employee Benefits**

All employee benefits payable are expected to be settled wholly within 12 months after the end of the reporting period are classified as short term benefits. Such benefits include salaries, wages, bonus, short term compensation etc. and the same are recognized as an expense in the statement of profit and loss in the period in which the employee renders the related services.

#### **b) Post-Employment Benefits**

##### **(i) Defined contribution plan**

The Company's approved provident fund scheme is defined contribution plans. The Company has no obligation, other than the contribution paid/payable under such schemes. The contribution paid/payable under the schemes is recognised during the period in which the employee renders the related service.

##### **(ii) Defined benefit plan**

The employee's gratuity fund scheme is Company's defined benefit plans. The present value of the obligation under such defined benefit plans is determined based on the actuarial valuation using the Projected Unit Credit

**Ahmedabad Ring Road Infrastructure Limited**  
**Notes to Financial statement for the year ended March 31, 2021**

---

Method as at the date of the Balance sheet. In case of funded plans, the fair value of plan asset is reduced from the gross obligation under the defined benefit plans, to recognise the obligation on the net basis.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to Statement of Profit and Loss in subsequent periods.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the Statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

**c) Other Employment benefits**

The employee's compensated absences, which is expected to be utilized or encashed within the next 12 months, is treated as short-term employee benefit. The company measures the expected cost of such absences as the additional amount that it expects to pay as result of the unused entitlement that has accumulated at the reporting date. As per Company's policy, no leave are expected to be carried forward beyond 12 months from the reporting date.

**3.14 Income tax**

Income tax expense comprises current tax and deferred tax.

**Current Tax**

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities in accordance with Income tax 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current income tax are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

**Deferred Tax**

Deferred tax is provided using the balance sheet approach. Deferred tax is recognized on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences except when the deferred tax liability arises from the initial recognition of an asset or liability in a transaction that affects neither the accounting profit nor taxable profit or loss.

Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax losses and carry forward of unused tax credits to the extent that it is probable that taxable profit will be available against

**Ahmedabad Ring Road Infrastructure Limited**  
**Notes to Financial statement for the year ended March 31, 2021**

---

which those temporary differences, losses and tax credit can be utilized except when the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that affects neither the accounting profit nor taxable profit or loss.

As per provision of Income tax Act 1961, the Company is eligible for a tax holiday under section 80IA for a block of 10 consecutive assessment year out of 20 year beginning of toll operation. The current year is thirteen year of company's operation and it propose to start claiming tax holiday in the subsequent year only. No deferred tax (assets or liabilities) is recognized in respect of temporary difference which reverse during tax holiday period, to the extent such gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of timing difference which is reverse after the tax holiday period is recognised in the year in which the timing difference originate. However, the company restricts recognition of deferred tax assets to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. For recognition of deferred tax, the timing difference which originate first are considered to reverse first.

The carrying amount of deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the tax rules and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset, where company has a legally enforceable right to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

### **3.15 Provisions**

#### **General**

Provision is recognized when the company has a present obligation (legal or constructive) as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit or loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. Provision are reviewed at each balance sheet and adjusted to reflect the current best estimates.

#### **Contractual obligation to restore the infrastructure to a specified level of serviceability**

The Company has contractual obligations to maintain the road to a specified level of serviceability or restore the road to a specified condition before it is handed over to the grantor of the Concession Agreements. Such obligations are measured at the best estimate of the expenditure that would be required to settle the obligation at the balance sheet date. The timing and amount of such cost are estimated and determined by estimated cash flows, expected to be incurred in the year of overlay. The cash flows are discounted at a current pre-tax rate that reflects the risks specific to such obligation. The unwinding of the discount is expensed as incurred and

## Ahmedabad Ring Road Infrastructure Limited

### Notes to Financial statement for the year ended March 31, 2021

---

recognised in the statement of profit and loss as a finance cost. The estimated future costs of such obligation are reviewed annually and adjusted as appropriate.

#### 3.16 Contingent liabilities and assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Claims against the Company not acknowledged as debts are disclosed under contingent liabilities. Claims made by the company are recognised as and when the same is approved by the respective authorities with whom the claim is lodged.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company. The company does not recognize a contingent asset in the financial statements.

#### 3.17 Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with original maturity of three months or less, that are readily convertible to a known amount of cash and subject to an insignificant risk of changes in value. For the purpose of the statement of cash flows, cash and cash equivalents consists of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered as integral part of the Company's cash management.

#### 3.18 Earnings/(Loss) per share

Basic earnings per share is calculated by dividing the profit / loss for the year attributable to equity holders of the company by the weighted average number of shares outstanding during the year.

Diluted earnings per share is calculated by dividing the profit / loss attributable to equity holders of the company by the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

#### 3.19 Segment reporting

Based on management approach as defined in Indian Accounting Standard 108 – Operating Segment, Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker for evaluation of Company's performance.

#### 3.20 Events after reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

#### 4. A.) Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make estimates, judgments and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities and the accompanying disclosure, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could

**Ahmedabad Ring Road Infrastructure Limited**  
**Notes to Financial statement for the year ended March 31, 2021**

---

result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

**(i) Estimates and assumptions**

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

**(ii) Fair value measurement of financial instruments**

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

**(iii) Taxes**

Deferred tax assets are recognised for unused tax credits to the extent that it is probable that taxable profit will be available against which the credits can be utilised. Significant management judgment is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

**(iv) Impairment of non-financial assets**

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model. The cash flows are derived from the budget generally covering a period of the concession agreements using long terms growth rates and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.

**(v) Intangible Assets**

The intangible assets which are recognized in the form of toll right to charge users of the infrastructure asset are amortized by taking proportionate of actual revenue received for the year over Total Projected Revenue from project to Cost of Intangible assets. The estimation of total projection revenue requires significant assumption about expected growth rate and traffic projection for future. All assumptions are reviewed at each reporting date.

**(vi) Provision for periodical Major Maintenance**

Provision for periodical Major Maintenance obligations are measured at the best estimate of the expenditure that would be required to settle the obligation at the balance sheet date. The timing and amount of such cost are estimated and determined by estimated cash flows, expected to be incurred in the year of overlay. All assumptions are reviewed at each reporting date.

**Ahmedabad Ring Road Infrastructure Limited**  
**Notes to Financial statement for the year ended March 31, 2021**

---

**(vii) Revenue from contract with customers**

The Company use the input method for recognises construction revenue. Use of the input method requires the company to estimate the efforts or costs expended to the date as a proportion of the total efforts or costs to be expended. Efforts or costs expended have been used to measure progress towards completion of performance obligation as there is a direct relationship between input and productivity. Provision for estimated losses, if any, on uncompleted performance obligation are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting date.

**Note:**

Ahmedabad Urban Development Authority (AUDA), has vide resolution passed by its board of directors in the meeting held on 9th October 2017, exempted Light Motor Vehicles (Four Wheelers) from payment of toll, w.e.f October 10, 2017. However the AUDA has not prepared any policy or modalities by which the company will be reimbursed for the losses due to said exemption. Pending the announcement by the AUDA of its policy/modalities for reimbursement of losses, the Company has recognised revenue of toll collection of INR 65.14 Millions for the year ended March 31, 2021 (March 31, 2020 : INR 68.63 Millions) based on the actual average daily traffic of Light Motor Vehicles (Four Wheelers) during April 2017 to September 2017.

**Disaggregation of Revenue**

<b>Total</b>	<b>1,070.56</b>	<b>1,051.08</b>

**24.1 Changes in amount of Contract Liabilities are as follows:**

	March 31, 2021 INR in Million	March 31, 2020 INR in Million
Balance at the Beginning of the Year	0.21	0.28
Revenue recognised that was included in the unearned and deferred revenue at the beginning of the year	(0.21)	(0.28)
Increase due to invoicing during the year, excluding amounts recognised as revenue during the year	0.38	0.21
Balance at the end of the year	<b>0.38</b>	<b>0.21</b>

**24.2 Performance obligation:**

The Company's Performance is in respect of providing Maintenance Services of project Highway.

**Operation & Maintenance Services**

The performance obligation is satisfied over time as each toll road-user simultaneously receives and consumes the benefits provided by the Company. However, given the short time period over which the company provides road operating services to each road user (i.e. the duration of the time it takes the road user to travel the length of the toll road), the Company recognises toll revenue when it collects the tolls.

24.3 Reconciliation of the amount of revenue recorded in statement of Profit & loss is not required as there 'are no adjustment to the contracted price.

<b>Carrying amount as at 31.03.2021</b>	<b>283.09</b>	<b>553.28</b>
Expected time of outflow	F.Y. 2021 - 2022	

**Nature of Provision:**

**Major Maintenance Provision**

The company is required to operate and maintain the project highway during the entire concession period and hand over the project back to the Authority (AUDA) as per the maintenance standards prescribed in Concession agreement.

For this purpose, a regular maintenance along with periodic maintenance is required to be performed. Normally periodic maintenance includes resurface of pavements, repairs of structures, repairs and refurbishment of tolling system and other Equipments.

As per the industry practices and on the grounds of matching concept, based on estimates, a provision for major maintenance expenses is provided for in the books annually. The maintenance cost / bituminous overlay may vary based on the actual usage during maintenance period.

During the current year company has provided INR Nil Millions (Previous Year : INR 215.63 Millions) for periodic Major Maintenance in respect of its resurfacing obligation, which includes finance cost component on Major Maintenance of INR Nil Millions (Previous Year : INR 69.28 Millions).

**Ahmedabad Ring Road Infrastructure Limited**  
**Notes to Financial Statements for the year ended March 31, 2021**

**32 Disclosure pursuant to Ind AS 115 - "Revenue from Contracts with Customer" :- Appendix - "E" - "Service Concession Arrangements (SCA) "**

**32.1 Description and classification of the arrangement**

The Company has entered into Concession Agreement ('CA') with Ahmedabad Urban Development Authority (AUDA) dated September 07, 2006 for the purpose of Improvement and widening to four Lane of two Lane Sardar Patel Ring Road around Ahmedabad city 76 Kms in the state of Gujarat on Built, Operate and Transfer (BOT) basis. The Concession Period is of 20 years including construction period of 18 months. The Company obtained completion certificate on 30th June 2008 from the AUDA. As per the CA, the company is entitled to charge users of the public service, hence the service arrangement has been classified as Intangible Asset.

**32.2 Significant Terms of the arrangements**

**32.2.1 Revision of Fees:**

Fees shall be revised annually from the "Commercial Operation Date" (COD) to the end of concession period as per the Revised Fee Notification issued by AUDA.

**32.2.2 Modification of Concession Period:**

The Concession period shall be modified:

AUDA shall issue to the company a notice of change of scope under the clause 16.2(a) in relation to additional works and services referred to in clause 16.1 of the CA. AUDA shall pay to the company an amount equal to the costs or extend the concession period suitably on the basis of recommendation by the Independent Consultant to be reasonable with final adjustments to be made in accordance with the resolution of dispute under the Dispute Resolution Procedure.

If, due to change in the law, company suffers an increase in cost or reduction in net after-tax return or the other financial burden subject to the limits specified in the SCA, the SCA shall be modified in such a way that it nullifies such impact of cost increase, reduction in return or other financial burden. However if no such modification is done, Company may require by notice to the authority to pay an amount that would place the company in the same financial position that it would have enjoyed, had there been no such change in the law. Any dispute in the said procedure shall be settled in accordance with the Dispute Resolution Procedure. Opposite will be the case, in case of reduction in cost.

**32.3 Rights of the Company to use Project Highway**

- a To demand, collect and appropriate, Fee from vehicles and Users liable for payment of Fee for using the Project Highway or any part thereof and refuse entry of any vehicle if the Fee due is not paid.
- b Right of Way, access and license to the Site.

**32.4 Obligation of the Company**

The company shall not assign, transfer or sublet or create any lien or Encumbrance on the CA, or the Concession granted or on the whole or any part of the Project Highway nor transfer, lease or part possession thereof, save and except as expressly permitted by CA or the Substitution Agreement. The project highway means site comprising the existing road of 76 Kms and all Project asset, and its subsequent development and augmentation in accordance with the CA.

The company is under obligation to carry out the routine and periodic maintenance of Project Highway as per Schedule L of the CA.

**32.5 Details of any assets to be given or taken at the end of concession period**

At the end of the Concession period the company shall deliver the actual or constructive possession of the Project Highway, free and clear of all encumbrances.

**32.6 Details of Termination**

SCA can be terminated on account of default of the company or AUDA in the circumstances as specified under Schedule VII of the SCA.

**32.7 There has been no change in the concession arrangement during the year.**

**Ahmedabad Ring Road Infrastructure Limited**

**Ahmedabad Ring Road Infrastructure Limited**  
Notes to Financial Statements for the year ended March 31, 2021

**34 Employee Benefits Disclosure:**

**A Defined Contribution Plans:**

Amount of INR 1.45 Millions (March 31, 2020: INR 4.08 Millions) is recognised as expenses and included in Note No. 27 "Employee Benefits Expenses."

	March 31, 2021 (INR in Million)	March 31, 2020 (INR in Million)
Contribution to Provident Funds	1.28	3.22
Contribution to ESIC	0.15	0.81
Contribution to Employer Benevolent Fund Expense	0.01	0.05
<b>Total</b>	<b>1.45</b>	<b>4.08</b>

**B Defined benefit plans - Gratuity benefit plan:**

The Company has a Gratuity benefit plan. Every employee who has completed five years or more of service gets a gratuity on the termination of his employment at 15 days salary (last draw salary) for each completed year of service. The scheme is unfunded.

The present value of obligation in respect of gratuity is determined based on actuarial valuation using the Project Unit Credit Method as prescribed by the Indian Accounting Standard - 19. Gratuity has been recognised in the financial statements as per details given below:

Features of the defined benefit plan	Remarks
Benefit offered	15 / 26 × Salary × Duration of Service
Salary definition	Basic Salary including Dearness Allowance (if any)
Benefit ceiling	Benefit ceiling of Rs. 20,00,000 was applied
Vesting conditions	5 years of continuous service ( Not applicable in case of death/disability )
Benefit eligibility	Upon Death or Resignation / Withdrawal or Retirement
Retirement age	58 years or 31/12/2026 whichever is earlier

The company is responsible for the governance of the plan

**Changes in Inter-Valuation Period:**

The benefit scheme has changed since the last valuation. The benefit ceiling has changed from INR 10,00,000/- to 20,00,000/-. There are no special events such as benefit improvements or curtailments or settlements during the inter-valuation period.

**Risk to the Plan**

Following are the risk to which the plan exposes the entity :

**Actuarial Risk:**

It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons:

**Adverse Salary Growth Experience:** Salary hikes that are higher than the assumed salary escalation will result into an increase in Obligation at a rate that is higher than expected.

**Variability in mortality rates:** If actual mortality rates are higher than assumed mortality rate assumption than the Gratuity benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cashflow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.

**Investment Risk:**

For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

**Liquidity Risk:**

Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign / retire from the company there can be strain on the cashflows.

**Market Risk:**

Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate / government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

**Legislative Risk:**

Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation / regulation. The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

Ahmedabad Ring Road Infrastructure Limited  
Notes to Financial Statements for the year ended March 31, 2021

Particulars	March 31, 2021 (INR in Million)	March 31, 2020 (INR in Million)
<b>Defined benefit obligations as at beginning of the year - A</b>	5.97	13.80
<b>Cost charged to statement of profit and loss</b>		
Current service cost	0.64	1.03
Interest cost	0.37	0.96
<b>Sub-total included in statement of profit and loss - B</b>	1.01	2.00
<b>Remeasurement gains/(losses) in other comprehensive income</b>		
Actuarial Loss/(Gain) due to change in financial assumptions	0.02	0.21
Actuarial Loss/(Gain) due to change in demographic assumptions	-	(0.00)
Actuarial Loss/(Gain) due to experience	(0.71)	(1.76)
Benefits Paid	(1.26)	(8.27)
<b>Sub-total included in OCI - C</b>	(1.95)	(9.83)
<b>Defined benefit obligations as at end of the year (A+B+C)</b>	5.03	5.97

**Reconciliation of Plan Asset**

Particulars	March 31, 2021 (INR in Million)	March 31, 2020 (INR in Million)
Plan Asset as at beginning of the year	0.11	6.35
Interest Income	0.00	0.50
Return on plan assets excluding amounts included in interest income	0.00	(0.33)
Contribution by Employer	-	-
Benefits paid	-	(6.41)
<b>Plan Asset as at end of the year</b>	0.11	0.10

The principal assumptions used in determining above defined benefit obligations for the Company's plans are shown below:

	March 31, 2021	March 31, 2020
Discount rate	6.50%	6.60%
Salary Growth Rate	7.00%	7.00%
Withdrawal rate	15% at younger ages reducing to 3% at older ages	15% at younger ages reducing to 3% at older ages

A quantitative sensitivity analysis for significant assumption is as shown below:

Particulars	Sensitivity level	March 31, 2021 (INR in Million)	March 31, 2020 (INR in Million)
Discount rate	0.50% increase	(0.10)	(0.13)
	0.50% decrease	0.12	0.15
Salary Growth Rate	0.50% increase	0.11	0.12
	0.50% decrease	(0.10)	(0.11)
Withdrawal rate	10% increase	0.00	0.01
	10% decrease	0.00	(0.00)

The sensitivity analysis above has been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of reporting period.

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Since the obligation is unfunded, there is no Asset-Liability Matching strategy device for the plan. Accordingly, there is no expected contribution in the next annual reporting period.

**Maturity Profile of the Defined Benefit Obligation**

As at March 31, 2021	INR in Million	%
2022	0.62	9.20%
2023	0.35	5.30%
2024	0.57	8.50%
2025	0.31	4.70%
2026	0.48	7.20%
2027	4.34	65.10%

As at March 31, 2020	INR in Million	%
2021	0.85	10.50%
2022	0.44	5.30%
2023	0.43	5.20%
2024	0.61	7.50%
2025	0.35	4.30%
2026 - 2027	5.49	67.20%

The average duration of the defined benefit plan obligation at the end of the reporting period is 4.44 years (March 31, 2020: 4.85 years).

**Ahmedabad Ring Road Infrastructure Limited**  
Notes to Financial Statements for the year ended March 31, 2021

**Other employee benefit:**

Salaries, Wages and Bonus include INR 1.58 million (Previous Year INR 4.62 million) towards provision made as per actual basis in respect of accumulated leave encashment/compensated absences, Bonus and leave travel allowance.

**35 Income Tax Expenses**

The major component of income tax expenses for the year ended March 31, 2021 and March 31, 2020 are as under:

**(A) Profit & Loss Section**

	March 31, 2021 INR in Million	March 31, 2020 INR in Million
<b>Current Tax</b>		
Current tax charges for the year	-	45.57
<b>Deferred tax</b>		
Deferred tax charges for the year	127.66	(2.57)
	127.66	(2.57)
<b>Tax Adjustment of earlier period</b>	0.88	-
<b>Tax Expense reported in the Statement of Profit and Loss</b>	<u>128.55</u>	<u>43.00</u>

**(B) A Reconciliation of tax expense and the accounting profit multiplied by India's domestic tax rate:**

Particulars	March 31, 2021 INR in Million	March 31, 2020 INR in Million
<b>Book profit before tax</b>	481.74	237.51
Statutory Income Tax Rate (MAT Rate)	25.17%	17.47%
<b>Expected Income Tax Expenses</b>	121.25	41.50
<b>Tax Effect of adjustments to reconcile expected Income tax expenses to reported income tax expenses</b>		
Tax effect of Ind AS Transition Adjustment (1/5th for 5 Years)	5.86	4.07
Tax effect of losses for the earlier years	-	24.80
Tax effect of non deductible items	0.55	21.62
Tax effect of non taxable items	-	(0.16)
Tax effect of tangible assets	-	0.10
Tax effect of intangible assets	-	(48.93)
Earlier year tax adjustment	0.88	-
<b>Income tax expenses as per normal tax rate</b>	<u>128.55</u>	<u>43.00</u>
<b>Consequent to reconciliation items shown above, the effective tax rate</b>	<u>26.68%</u>	<u>18.10%</u>

**(C) Deferred tax**

Particulars	Balance sheet		Statement of Profit and Loss	
	March 31, 2021	March 31, 2020	2020-2021	2019-2020
Intangible Asset	(487.16)	(619.07)	(131.91)	(48.93)
Tangible Asset	4.04	4.63	0.58	0.10
Investment in mutual funds	0.12	(0.12)	(0.24)	(0.16)
Expenditure allowable on payment basis	72.46	162.79	90.33	21.62
Unused losses available for offsetting against future taxable income	231.60	400.50	168.91	24.80
<b>Deferred tax expense/(income)</b>	-	-	127.67	(2.57)
<b>Net deferred tax assets/(liabilities) recognised</b>	<u>(178.93)</u>	<u>(51.27)</u>		
<b>Net deferred tax assets/(liabilities) not recognised</b>	-	-		

**Note:**

- The Company offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.
- Segment Reporting**  
The operating segment of the company is identified to be "BOT (Toll Basis)", as the Chief Operating Decision Maker (CODM) reviews business performance at an overall company level as one segment and hence, does not have any additional disclosures to be made under Ind AS 108 Operating Segments. Further, the Company also primarily operates under one geographical segment namely India.  
No customer individually accounted for more than 10% of the revenues in the year ended March 31, 2021 and March 31, 2020.
- Operating Lease:**  
Office premises of the Company have been taken on operating lease basis. The lease rent during the year is INR 2.12 Million (March 31, 2020: INR 2.12 Million). These operating lease agreement are cancellable by giving short period notice by either of the parties to the agreement.
- Due to MSME:**  
There are no Micro, Small and Medium Enterprises, to whom the Company owes dues, which are outstanding for more than 45 days at the balance sheet date. This is based on the information available with the Company.

**39.1 Default and breaches**

- a) There are no defaults with respect to payment of principal interest, sinking fund or redemption terms and no breaches of the terms and conditions of the loan.
- b) There are no breaches during the year which permitted lender to demand accelerated payment.
- c) Long term borrowings contain debt covenants relating to debt-equity ratio and debt service coverage ratio. The Company has satisfied all debts covenants prescribed in the terms of respective loan agreement as at reporting date.

**Ahmedabad Ring Road Infrastructure Limited**  
Notes to Financial Statements for the year ended March 31, 2021

**40 Fair value disclosures for Financial Assets and Financial Liabilities**

Set out below is a comparison, by class, of the carrying amounts and fair value of the Company's financial instruments, other than those with carrying amounts that are reasonable approximations of fair values:

Particulars	Note No	(INR in Million)			
		31-Mar-21		31-Mar-20	
		Carrying Amount	Fair value	Carrying Amount	Fair value
<b>Financial Assets</b>					
Investments in Mutual Funds	10	15.02	15.02	14.54	14.54
<b>Total</b>		15.02	15.02	14.54	14.54

a) The management assessed that the fair values of Investment in mutual fund, cash and cash equivalents, other financial assets, trade payables and other financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

b) The carrying value of Company's interest-bearing borrowings are reasonable approximations of fair values as the borrowing carry floating interest rate.

c) The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

a) Investments in units of Mutual Funds which are not traded in active market is determined using closing NAV.

b) The Company has entered into derivative financial instruments with Bank. Interest rate swaps, option contract are valued using valuation techniques, which employs the use of market observable inputs. The most frequently applied valuation techniques includes forward pricing and swap models, using present value calculations. The models incorporate various inputs including currency spot rate, risk free interest rate of respective currency, currency volatility and interest rate curves. The derivative instrument fair value is arrived using mark-to-market valuation as at March 31, 2021.

**40.1 Fair value Hierarchy**

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities:

Quantitative disclosures fair value measurement hierarchy for financial assets as at March 31, 2021 and March 31, 2020.

Particulars	Note no.	(INR in Million)	
		Fair value measurement using Significant observable inputs (Level 2)	
		March 31, 2021	March 31, 2020
<b>Assets measured at fair value</b>			
Fair value through profit & loss			
Investments in Mutual Funds	10	15.02	14.54

There have been no transfers between level 1 and level 2 during the years.

**Ahmedabad Ring Road Infrastructure Limited**  
**Notes to Financial Statements for the year ended March 31, 2021**

**41 Financial Risk Management**

The Company's principal financial liabilities comprise Borrowings, Trade payables & other payables. The main purpose of these financial liabilities is to finance the Company's operations and to support its operations. The Company's principal financial assets include Investments, Loan to Related Party, Cash and Bank balance, Trade Receivables & Other receivables that derive directly from its operations.

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. Risk management systems are reviewed periodically to reflect changes in market conditions and the Company's activities. The Board of Directors oversee compliance with the Company's risk management policies and procedures, and reviews the risk management framework.

**(a) Market risk**

The market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: Currency risk, Interest rate risk and Other price risk. Financial instruments affected by market risk include borrowings, Investments, other receivables and trade and other payables.

Within the various methodologies to analyse and manage risk, Company has implemented a system based on "sensitivity analysis" on symmetric basis. This tool enables the risk managers to identify the risk position of the entities. Sensitivity analysis provides an approximate quantification of the exposure in the event that certain specified parameters were to be met under a specific set of assumptions. The risk estimates provided here assume:

- a parallel shift of 25-basis points of the interest rate yield curves in all currencies

The potential economic impact, due to these assumptions, is based on the occurrence of adverse/inverse market conditions and reflects estimated changes resulting from the sensitivity analysis. Actual results that are included in the Statement of profit & loss may differ materially from these estimates due to actual developments in the global financial markets.

The analysis exclude the impact of movements in market variables on: the carrying values of gratuity and provisions.

The following assumption has been made in calculating the sensitivity analyses:

- The sensitivity of the relevant statement of profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2021 and March 31, 2020.

**Interest rate risk**

Interest rate risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	(INR in Million)	
	31.03.2021	31.03.2020
Variable rate borrowings in INR	1078.08	1402.75

**Interest Rate Sensitivity**

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Interest Rate Risk Analysis	(INR in Million)	
	31.03.2021	31.03.2020
Interest rate increase by 25 basis point	(2.70)	(3.51)
Interest rate decrease by 25 basis point	2.70	3.51

**Ahmedabad Ring Road Infrastructure Limited**  
Notes to Financial Statements for the year ended March 31, 2021

**(b) Credit risk**

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is not exposed to credit risk from its operating activities as the company is collecting toll in cash and does not have outstanding any receivables. However, The Company is exposed to credit risk related to financing activities, including temporary Investment in mutual fund and other financial instruments.

**Financial instruments and Temporary Investment in Mutual Fund**

Credit risk from balances with banks and financial institutions is managed by the Company's finance department in accordance with the Company's policy. Investments of surplus funds are made only in accordance with company policy. The Company monitors the ratings, credit spreads and financial strength of its counterparties. Based on its on-going assessment of counterparty risk, the Company adjusts its exposure to various counterparties. The Company's maximum exposure to credit risk for the components of the Balance sheet as of March 31, 2021 is INR 15.02 Million and March 31, 2020 is INR 14.54 Million.

**(c) Liquidity risk**

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company's objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company closely monitors its liquidity position and deploys cash management system. It maintains adequate sources of financing including debt at an optimised cost.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

The table below summarises the maturity profile of company's financial liabilities in contractual undiscounted payments

(INR in Million)						
As at March 31, 2021	Total	On Demand	upto 1 year	1 - 2 years	2 - 5 years	> 5 years

Amount spend during the year on	3.89	-
(i) Construction/Acquisition of the asset	-	-
(ii) On the purpose other than (i) above	-	0.02

**44** The COVID-19 pandemic is rapidly spreading across the world as well as in India and has caused shutdown across the country. The Company has resumed operations in a phased manner in line with the directives of the Government of India. The management has made initial assessment of likely adverse impact on business, and believes that the impact may not be significant over the terms of its contracts. The Company is in the process of filing of claims for appropriate relief as per the terms of concession agreement with AUDA and has also availed the relief provided by its lenders by way of moratorium on certain principal / interest payment. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the company, as at date of approval of these financial statements has used corroborative information. As on current date, the company has concluded that the impact of Covid-19 is not material based on the evaluations. Due to the nature of the pandemic, the company will continue to monitor developments to identify significant uncertainties in future periods, if any. The management does not see any long term risks in the Company's ability to continue as a going concern and meeting its liabilities as and when they fall due.

**45** Previous Year Figures have been regrouped / reclassified wherever necessary, to facilitate comparability with current year's classification.
