Spearheading Progress Lifeline

Road infrastructure growth in India has positively impacted the economy by alleviating poverty, giving new business and employment opportunities, and providing efficient access, mobility, & the distribution of resources. Sadbhav Infrastructure Project Limited is one of the companies responsible for managing and spearheading the progress lifeline of the country.

The management and spearheading of the roads which are the progress lifelines can prevent accidents, reduce vehicles' wear and tear, and improve the performance of logistics networks and public transportation systems. Management of the road asset involves the application of engineering, financial and management practices to optimise the level-of-service outcome in return for the most cost-effective financial input. The main objective is simply to apply the right treatment at the right time

to achieve the desired level of service, as the road infrastructure is a financial asset for society and the economy. At the same time, it also helps to increase road safety and minimise the loss of lives or precious goods.

After putting a major thrust on constructing world-class highways and roads, now Government of India has also initiated giving a boost to BOT Projects while continuing its major thrust on HAM and EPC Projects. To augment the private sector participation, National Highway Authority of India is looking to allocate 65% of its projects on HAM and EPC basis and expected to give more tenders of around 1500-2000 kms during FY'23-24 for BOT projects. In 2023-24, the NHAI aims to award highway projects of 6,036 kilometres, up from 6,003 km awarded in the previous financial year. The Government of India has also directed NHAI and

National Highways & Infrastructure Development Corporation Ltd. (NHIDCL) to keep close coordination and cooperation with each other and prepare proposals of land acquisition and come up with projects worth Rs. 2 to 3 lakh crore in Build Operate and Transfer (BOT) mode and Hybrid Annuity Mode (HAM) to further fortify infrastructure development sector.

The Government of India recently set a minimum rating requirement of 'BBB' for bidders of Hybrid Annuity Model (HAM) and Build Operate and Transfer (BOT) toll road projects. This is to minimise risks

associated with project implementation and defaults by developers. The move would improve the risk profile of the sector. Moreover, developers with lower credit ratings generally entail greater financial and execution risks. Hence, the government's move to set a minimum rating threshold for bidders is likely to mitigate risks linked to project execution.

At SIPL, we aim to achieve superior end-user experience and delight in every project managed by us and contribute towards building sustainable infrastructure for the nation.

Message From Chairman

Dear Stakeholders,

I take immense pleasure in presenting before you the annual report for Sadbhav Infrastructure Project Limited for the year 2022-23.

The roads and highways are the lifelines of a logistic system of every country. In addition to being the primary source of transportation, roads also make a crucial contribution to economic development and growth. Sadbhav Infrastructure Project Limited spearheads the progress lifeline of the country and facilitates the uninterrupted flow of goods to the industries by effectively managing the road infrastructure.

Economic development of the nation is the direct upshot of infrastructure development that provides the superstructure for growth. In order to provide a boost to infrastructure development and enable it to overcome the impact of COVID-19 pandemic, the Ministry has placed target of 14,300 km for award, which is highest ever and 12,200 km for construction for the FY year 2022-23. Overall road projects exceeding 65,000 km in length, costing more than Rs. 11 lakh crore, are in progress, of which work for the project scope of more than 39,000 km length has been completed and in balance length of more than 26,000 km works are in progress. NHs of 5,774 km length have been constructed during the first nine months of FY 2022-23.

Building great highways and connectivity is not just sufficient. Upkeeping the infrastructure facilities created over the years and managing flawless traffic are equally important. The increasing importance of roads and highways for economic growth is evident from the fact that the national revenue from tolls rose to Rs. 41,342 Crores in 2022-23 from Rs. 4,770

Crores in 2013-14. Toll revenue is further expected to increase to Rs. 1,30,000 Crores by 2030.

During the FY'2022-23, Sadbhav Infrastructure Projects Limited applied for the withdrawal of the Scheme of Amalgamation filed with Hon'ble National Company Law Tribunal with regard to the amalgamation of Sadbhav Infrastructure Project Limited with Sadbhav Engineering Limited.

During the year, your company has consolidated its operations and has coursed strategic manoeuvring. At standalone level, your Company has reported the Revenue from operations amounting to Rs. 894.14 million as against Rs. 2,042.10 million in the previous year. The net Loss for the year was Rs.3575.48 million as against a net loss of Rs. 1916.46 million reported in the previous year. The Consolidated Revenue from Operations was Rs. 8247.27 million as against Rs. 9623.25 during the previous year. The Consolidated Net Loss was Rs. 3649.15 million as against loss of Rs. 212.78 million in the previous year.

Across all the assets managed by SIPL, the Company is striving for operational excellence through cost optimisations. The company adheres to the highest compliance standards set by the Ministry of Road Transports and all its operational processes are in accordance with the environmental, social, and governance guidelines set by the authorities. SIPL has also established adequate internal control procedures, commensurate with the nature of its business and the size of its operations.

At SIPL, we believe that sustainable infrastructure is a precursor to sustainable development. Hence, we leave no stone unturned in adopting the best sustainable practices in our operations to provide

world-class infrastructure. SIPL has invested in state-of-the-art technologies to give a superlative experience to all end users.

I express my gratitude to all our shareholders, financial institutions, employees, suppliers, government authorities, etc. for entrusting us with all our endeavours, and I look forward to the continued patronage that you have been extending to us.

Regards,

Shashin V. Patel
Chairman & Whole Time Director

Auditors

i. Statutory Auditors

Pursuant to the provisions of Section 139 of the Act and the rules framed thereunder, M/s. S G D G & Associates LLP, Chartered Accountants, Ahmedabad (S G D G) (Firm Registration No. W100188) were appointed as Statutory Auditor of the Company from conclusion of 12th AGM held in the year 2018 till the conclusion of the 17th AGM to be held in the year 2023. Therefore, their re-appointment for another term of five years is recommended at this Annual General Meeting.

The Auditors’ Report has following qualification, reservation or adverse remark on the financial statements for the year ended on 31st March, 2023.

For Standalone:

a) Audit Qualification (each audit qualification separately):

The Statutory Auditors have provided following qualification in their audit report –

1. We draw attention to Note 47 and Note 48 to the accompanying Standalone Financial Results with respect to investment in and loan & advances to Rohtak Panipat Tollway Private Limited and Rohtak Hissar Tollway Private Limited, subsidiaries of the Company. Both the subsidiaries have issued notice of termination of concession agreement to National Highway Authority of India (NHAI) on account of Force Majeure Event as per concession agreement. As explained in the said note, the company has carried out impairment assessment of investment in these subsidiaries considering the expected payment arising out of aforesaid termination and other claims filed with NHAI and based on the above assessment, management has concluded that no impairment / adjustment to the carrying value of the investment and loans & advances aggregating to INR 7976.40 million are necessary as at March 31, 2023.

We have not been able to corroborate the management’s contention of realising the carrying value of investments, loans and advances and Trade and other receivables related to both subsidiaries aggregating to INR 7976.40 million as on March 31, 2023. Accordingly, we are unable to comment on appropriateness of the carrying value of such investment and loans and advances and their consequential impact on the financial results and financial position of the Company as at and for the quarter and year ended on March 31, 2023.

Our Audit Opinion on financial statements for the financial year ended on March 31, 2023 and conclusion on financial results for the quarter ended on June 30, 2022, September 30, 2022 and December 31, 2022 were qualified in respect of this matter.

2. We draw attention to Note 49 of the accompanying Standalone Financial Results with respect to Sadbhav Vidarbha Highway Limited (Concessionaire or SVHL), subsidiary of the Company, in which case, lender of SVHL, in the month of February, 2023, have exercised its right to substitute concessionaire. The SVHL vide its letter dated May 5, 2023 had recommended National Highway Authority of India (NHAI), Harmonious substitution of concessionaire. The approval of NHAI is awaited. As explained in the said note, management has carried out impairment assessment of Investment (including subdebt), loan and other receivables in this

subsidiary duly considering the expected payment arising out of aforesaid substitution and based on the above assessment, management has concluded that no impairment / adjustment to the carrying value of Investment (including subdebt) , loan and other receivables aggregating to INR 1176.53 million is considered necessary as at March 31, 2023.

However, we have not been able to corroborate the management's contention of realizing the carrying value of Investment (including subdebt), loan and other receivables balance amounting to INR 1176.53 millions as at March 31, 2023.

Accordingly, we are unable to comment on appropriateness of the carrying value of Investment (including subdebt), loan and other receivables and their consequential impact on the financial results and financial position of the company as at reporting date and for the quarter and year ended on March 31, 2023.

3. We draw attention to Note 51 of the accompanying Standalone Financial Results with respect to Sadbhav Hybrid Annuity Project Limited (SHAPL), subsidiary of the company in which auditors of the said subsidiary expressed concerns over subsidiary's ability to continue as going concern as the net worth of the subsidiary has been completely eroded. As explained in the said note, management has carried out impairment assessment of Investment (including subdebt), loan and other receivables in this subsidiary duly considering expected payment to be received by the said subsidiary and based on that, management has concluded that no impairment / adjustment to the carrying value of Investment (including subdebt), loan and other receivables aggregating to INR 680.39 millions is considered necessary as at March 31, 2023.

However, we have not been able to corroborate the management's contention of realizing the carrying value of Investment (including subdebt), loan and other receivables balance aggregating to INR 680.39 millions as at March 31, 2023. Accordingly, we are unable to comment on appropriateness of the carrying value of Investment (including subdebt), loan and other receivables and their consequential impact on the financial results and financial position of the company as at reporting date and for the quarter and year ended on March 31, 2023.

4. **Material uncertainty related to going concern**
We draw attention to Note no. 52 to the accompanying Standalone Financial Results, which indicates that, current liabilities exceeds current assets by INR 2348.21 millions and the Company finds difficulty in meeting obligations of payment to suppliers and statutory dues. Further, company is in the process of divestment of its investment in subsidiary companies and subsidiary companies finds difficulty in meeting obligation of lenders and accounts by the lenders of some subsidiary companies have been classified as Non-Performing Assets. These events or conditions along with other matters as set forth in the said note indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. Management's evaluation of the events and conditions and management's plans regarding these matters are also described in the said note.

Our opinion is not modified in respect of this matter.

Reply of Directors for above qualifications raised by Statutory Auditors in its Audit Reports:

1. The Company has investments of INR 217.74 million and subordinate debts of INR 4688.73 million and trade & other Receivables of INR 79.14 millions in Rohtak Panipat Tollway Private Limited, a subsidiary company which is engaged in construction, operation and maintenance of infrastructure projects under concession agreement with National Highways Authorities of India (NHAI). The net worth of this subsidiary company has fully eroded. Further the toll collection was forcefully suspended due to agitation and protest held by farmers and other unions against agri-marketing laws from December 25, 2020. Accordingly, the subsidiary company could not collect toll user fees from December 25, 2020. The subsidiary company had sent various communications to NHAI for such forceful suspension of toll. The said subsidiary company has issued notice for termination of concession agreement on July 27, 2021 considering the above event as Force Majeure Event in terms of concession agreement. The said subsidiary has filed claim amounting to INR 39,578.44 million relating to termination payments, O&M cost due to force majeure, Covid claim & demonetization etc. with NHAI in terms of concession agreement. In respect of such claims, NHAI has approached to the company for settlement of all these claims by way of conciliation proceedings, which has been consented by the company.

Considering the management assessment of probability and tenability of receiving above claims from NHAI as per the terms of concession agreement, which is backed by legal opinion and communications from NHAI for conciliation, the management has assessed that there is no impairment in the value of investments made by the company in the subsidiary and consequently no provision/adjustment to the carrying value of Investments and subordinate debts, loans and advances and trade and other receivables as at March 31, 2023 is considered necessary.

The Company has investments of INR 107.68 million and subordinate debts of INR 2893.42 million and other receivable of INR 44.17 millions in its one subsidiary namely Rohtak Hissar Tollway Private Limited, a subsidiary company which is engaged in construction, operation and maintenance of infrastructure projects under concession agreement with National Highways Authorities of India. The net worth of this subsidiary company has fully eroded. Further the toll collection was forcefully suspended due to agitation and protest held by farmers and other unions against agri-marketing laws from December 25, 2020. Accordingly, the subsidiary company could not collect toll user fees from December 25, 2020. The subsidiary company had sent various communications to NHAI for such forceful suspension of toll. The said subsidiary company has issued notice for termination of concession agreement on August 27, 2021 considering the above event as Force Majeure Event in terms of concession agreement. The said subsidiary has filed claim amounting to INR 14,969.77 million relating to termination payments, O&M cost due to force majeure, Covid claim & demonetization etc with NHAI in terms of concession agreement.

Considering the management assessment of probability and tenability of receiving above claims from NHAI as per the terms of concession agreement and communications from NHAI for conciliation, the management has assessed that there is no impairment in the value of investments made by the company in the subsidiary and consequently no provision/adjustment to the carrying value of Investments and subordinate debts and loans and advances as at March 31, 2023 is considered necessary.

2. The Company has investments of INR 257.99 million and subordinate debts of INR 813.83 million and other receivables of INR 104.72 million in one of its subsidiaries namely Sadbhav Vidarbha Highway Limited (SVHL or concessionaire), a subsidiary company which is engaged in construction, operation and maintenance of infrastructure project under concession agreement with National Highways Authorities of India (NHAI), the lenders of the subsidiary in the month of February, 2023, have exercised its right to substitute concessionaire. The SVHL vide its letter dated May 5, 2023 had recommended National Highway Authority of India (NHAI), harmonious substitution of concessionaire. The approval of NHAI is awaited.

Pending the final approval for substitution from NHAI, no adjustment to the carrying value of investments has been made in the financial statements.

3. Sadbhav Hybrid Annuity Projects Limited (SHAPL) has been able to meet its obligations in the ordinary course of the business complimented by the continuing financial support offered from the company. The company being an investment company and holding portfolio of various Toll and HAM assets, planning & churning the various strategic option to hive off the investment, to support the subsidiary, Having regard to all these aspects, the financial statements of SHAPL have been prepared assuming that the subsidiary will continue as a going concern.
4. The Company's current liabilities exceeded its current assets by INR 2,297.91 millions. The management represents that the company holds investments in various Toll and HAM assets, The liquidity position improved on account of receipt of PCOD for six HAM projects and conclusion of sale of stake in three of the SPVs. The management of the company has prepared projections of cash flows for the next 12 months with focus on enhancing resource availability by timely execution of HAM Projects, realisation of claims, monetization of assets and cost control. Basis the said projections, the management of the company believes that it will be able to pay debts as they fall due in coming 12 months period from the reporting date and there is no threat to going concern assumption adopted in preparation of financial results for the quarter and year ended on March 31, 2023.

Further, the Statutory Auditors have mentioned following qualifications in Report on the Internal Financial Controls with reference to standalone financial statements:

- a) The Company's internal financial controls with reference to standalone financial statements as at March 31, 2023 as regards evaluation of uncertainty for realizing the carrying value of investments (including sub-debt), loan and other receivables as explained in Note 47, Note 48, Note 49 and Note 51 to the standalone financial statements were not operating effectively which could potentially lead to not providing adjustments, if any, that may be required to the carrying values of investments (including sub-debt), loan and other receivables from such subsidiaries and its consequential impact on the earnings, other equity and related disclosures in the standalone financial statements.
- b) The Company's internal process with regards to the confirmation and reconciliation of trade payables, trade receivables, other incidental balances pertaining to the said trade payables and trade receivables, recognition of income and expenses are not operating effectively which could have consequential effect on balances.
- c) Based on our audit procedure, in our opinion, the Company has inadequate system for processing of journal entries in accounting software indicating absence of maker checker system which could results into possible effect to the processing of transaction and its consequential effect on balances.

Reply of Directors for above qualifications raised by Statutory Auditors in it's Report on the Internal Financial Controls with reference to standalone financial statements:

- a) Members of the Company are requested to refer point no 1 to 3 of the Reply given by Directors for qualifications raised by Statutory Auditors in it's Standalone Audit Report as mentioned above.
- b) Company has adequate system for balance confirmation of trade payable and receivables. The Company is reconciling the outstanding balance of trade payables and receivables on regular intervals. The Company has an internal audit system which is commensurate with the size and nature of its business and there is no weakness in recognition of income and expenses Further as part of internal audit scope such balances are also reviewed by them and hence possibility of misstatement is not there.
- c) The company has adequate system of manual approval of processing of journal entries in accounting software and journal entries are also verified by the internal auditor. The Company has an internal audit system which is commensurate with the size and nature of its business Company are in process of incorporating the maker checker process in accounting software for processing of journal entries.

It may be noted that there were no material misstatements due to the weakness in system for processing of journal entries in accounting software due to absence of maker checker system.

For Consolidated:

a) Audit Qualification (each audit qualification separately):

The Statutory Auditors have provided following qualification in their audit report –

1. As detailed in Note 55 of the accompanying statement, with respect to Sadbhav Vidarbha Highway Limited (Concessionaire or SVHL), subsidiary of the group in which case lenders of SVHL has exercised right of substitution of concessionaire in the month of February, 2023. The Concessionaire vide its letter dated May 5, 2023 had recommended National Highway Authority of India (NHAI), Harmonious substitution of concessionaire. The approval of NHAI is awaited. As mentioned in the said note, no adjustment

to the carrying value of assets and liabilities have been made in the financial statements of SVHL and the financial statements of SVHL is prepared on going concern basis. Owing to the uncertainty of outcome of substitution proceedings and lack of other alternate audit evidence, we are unable to comment about adjustment that may be required to the carrying value of assets and liabilities and their consequential impact on the financial position of the Group as on March 31, 2023.

The auditors of SVHL have expressed qualified opinion on the financial statement of SVHL for the year ended March 31, 2023 vide their report dated May 26, 2023.

2. As detailed in Note 56 of the accompanying statement, with respect to Sadbhav Nainital Highway Limited (Concessionaire or SNHL), subsidiary of the group in which case National Highway Authority of India (NHAI) vide its letter dated April 17, 2023 has given In-Principal approval for harmonious substitution of concessionaire. As mentioned in the said note, no adjustment to the carrying value of assets and liabilities have been made in the financial statements of SNHL and the financial statements of SNHL is prepared on going concern basis pending compliance of conditions prescribed by NHAI for substitution.

The auditors of SNHL have expressed qualified opinion on the financial statement of SNHL for the year ended March 31, 2023 vide their report dated May 25, 2023.

3. As detailed in Note 48 & Note 49 of the accompanying Consolidated Financial Results, with respect to Rohtak Panipat Tollway Private Limited (RPTPL) and Rohtak Hisar Tollway Private Limited (RHTPL), subsidiaries of the Group in which interest on rupee term loan from banks and financial institutions as well as unsecured loans from group companies have not been accounted considering the fact that both subsidiaries have issued termination notices and lenders of both subsidiaries have classified all the secured borrowings as non-performing assets. This has resulted in the understatement of finance cost and the related interest liability and corresponding understatement of losses, amount of which is unascertained.

The auditors of RPTPL and RHTPL have expressed qualified opinion on the financial statement of RPTPL and RHTPL for the year ended March 31, 2023 vide their report dated May 25, 2023.

As detailed in Note 53 of the accompanying consolidated Financial Results, with respect to Sadbhav Jodhpur Ring Road Private Limited (SJRRPL), subsidiary of the group in which Tax credit receivables are carried in the Balance sheet at INR 155.45 Million under Other Current assets. However, during financial year 2022-2023, the SJRRPL does not have any business activity nor are we informed about the management plan for taking up other business activity.

Hence we are unable to comment about the utilization/realization of such tax credits in foreseeable future

5. As detailed in Note 54 of the accompanying consolidated Financial Results, with respect to Sadbhav Bangalore Highway Private Limited (SBGHPL), subsidiary of the group in which Tax credit receivables are carried in the Balance sheet at INR 426.74 Million under the Other Current assets. However, during financial year 2022-2023, the SBGHPL does not have any business activity nor are we informed about the management plan for taking up other business activity.

The auditors of SBGHPL have expressed qualified opinion on the financial statement of SBGHPL for the year ended March 31, 2023 vide their report dated May 26, 2023 mentioning that they are unable to comment about the utilization of tax credits in foreseeable future.

6. Material uncertainty related to going concern

We draw attention to Note no. 63 to the accompanying consolidated Financial Results, which indicates that, Group's accumulated losses exceeds paid-up capital and reserves by INR 1651.58 million and, as of that date the current liabilities of the Group exceeded the current assets by INR 5959.10 million. and the Group finds difficulty in meeting obligations of payment to suppliers and statutory dues. Further, Group is in the process of divestment of its investment in subsidiary companies and subsidiary companies finds difficulty in meeting obligation of lenders and accounts by the lenders of the some of the subsidiary companies have been classified as Non-Performing Assets. These events or conditions along with other matters as set forth in the said note indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Management's evaluation of the events and conditions and management's plans regarding these matters are also described in the said note.

Reply of Directors for above qualifications raised by Statutory Auditors in it's Audit Reports:

1. Sadbhav Vidarbha Highway Limited (Concessionaire or SVHL), subsidiary of the group in which case lenders of SVHL has exercised right of substitution of concessionaire in the month of February, 2023. The proposed buyer, Gawar Construction Limited (GCL), has submitted Expression of Interest (EOI) to the Lenders. However, the Concessionaire vide its letter dated May 5, 2023 had recommended National Highway Authority of India (NHAI), Harmonious substitution of concessionaire. The approval of NHAI is awaited. The company and SVHL are in active discussion with GCL for executing endorsement agreement. Owing to the uncertainty of outcome of substitution proceeding note, no adjustment is made to the carrying value of assets and liabilities in the financial statements of SVHL and the financial statements of SVHL is prepared on going concern basis.
2. Sadbhav Nainital Highway Limited (Concessionaire or SNHL), subsidiary of the group in which case National Highway Authority of India (NHAI) vide its letter dated April 17, 2023 has given In-Principal approval for harmonious substitution of concessionaire. The proposed buyer, Gawar Construction Limited (GCL), has submitted Expression of Interest (EOI) to the SNHL. SNHL are in active discussion with Gawar Construction Limited for executing endorsement agreement. As per the Binding Term Sheet, the recoverability of the amount invested by the company as Equity and Sub-debt is substantially certain and hence as per management estimate, no provision is required to be made to the carrying value of assets and liabilities in the financial statements of SNHL and the financial statements of SNHL is prepared on going concern basis.
3. (a) One of the subsidiary of the Group namely Rohtak Panipat Tollways Private Limited (RPTPL) has issued the termination notice on

July 27, 2021, to National Highway Authority of India (NHAI) by exercising the criteria of “Event of Defaults” under the concession agreement. Since the project of the company has been terminated, the management of RPTPL is of the view that going concern assumption for preparation of accounts is not appropriate and accounts have been drawn accordingly on non-going concern basis. In this regard the management of RPTPL lodged total claims amounting to INR 39,578.44 million relating to termination payments, O&M cost due to force majeure, Covid claim & demonetization etc. In view of the above, RPTPL has given following accounting treatments in its financial statements for the quarter and year ended 31.03.2022:

- Impaired intangible assets related to Toll Collection Rights, amounting to INR 909.78 million and transferred balance amount from Intangible Assets to “Receivable from the NHAI” under the head Other Current Financial Assets. The management of RPTPL is of the view that amount recoverable from NHAI are fully recoverable.

- Written back the liability of premium obligation amounting to INR 3,695.92 million.

- Written back major maintenance provision amounting to INR 929.43 million.

During the quarter ended on March 31, 2023, RPTPL has reversed interest of INR 1,026.94 million provided during the earlier period considering the fact that the project of RPTPL has been terminated and lenders have classified loans as Non- Performing Assets.

(b) One of the subsidiary of the group namely Rohtak Hissar Tollways Private Limited (RHTPL) has issued the termination notice on August 27, 2021, to NHAI by exercising the criteria of “Event of Defaults” under the concession agreement. Since the project of the company has been terminated, the management of RHTPL is of the view that going concern assumption for preparation of accounts is not appropriate and accounts have been drawn accordingly on non-going concern basis.

In this regard the management of RHTPL lodged total claims amounting to INR 14,969.77 million relating to termination payments, O&M cost due to force majeure, Covid claim & demonetization etc. In view of this RHTPL has given following accounting treatments in its financial statements for the quarter and year ended 31.03.2022:

- Transferred amount of Toll Collection Rights from Intangible Assets to Receivable from the NHAI under the head Other Current Financial Assets. Further, the management of RHTPL is of the view that amounts recoverable from NHAI are fully recoverable and hence no impairment loss is envisaged.

- Written back major maintenance provision amounting to INR 786.18 million.

During the quarter ended on March 31, 2023, RHTPL has reversed interest of INR 1,228.09 million provided during the earlier period considering the fact that the project of RPTPL has been terminated and lenders have classified loans as Non Performing Assets.

4. SADBHAV Jodhpur Ring Road Private Limited (SJRRPL), subsidiary of the group in which Tax credit receivables are carried in the Balance sheet at INR 155.45 Million under the Other Current assets. Presently, the company does not carry out any business activity. However, management of SJRRPL is evaluating various option for utilising above mention credit and is confident about the utilization of the credit.
5. SADBHAV Bangalore Highway Private Limited (SBGHPL), subsidiary of the group in which Tax credit receivables are carried in the Balance sheet at INR 426.74 Million under the Other Current assets. Presently, the company does not carry out any business activity. However, management of SBGHPL is evaluating various option for utilising above mention credit and is confident about the utilization of the credit.
6. The Group has accumulated losses as at March 31, 2023, which has resulted in erosion of the Group’s net worth; mainly because of COVID-19 exceptional situation, inflationary pressure and constraint of the resources of the parent. The Management of the Group is focused on speedy monetization and execution of the projects, cost controls and deleveraging the business. The liquidity position is improved on account of receipt of PCODs for six HAM projects and conclusion of some of the monetization events and progress for the monetization of the balance SPVs. The management of the group has prepared projections of cash flows for the next 12 months with a focus on optimizing the resources by way of timely monetization of the SPVs, legal process of the claims, and cost control. Basis on the said projections, the management of the group believes that it will be able to service the debt as they fall due in the coming 12 months’ period from the reporting date out of the above mentioned monetization events and there is no threat to going concern assumption adopted in preparation of financial results for the quarter and year ended on March 31, 2023.

Further, the Statutory Auditors have mentioned following qualifications in Report on the Internal Financial Controls with reference to consolidated financial statements:

- a) The Holding Company’s internal process with regards to the confirmation and reconciliation of trade payables, trade receivables, other incidental balances pertaining to the said trade payables and trade receivables are not operating effectively which could have consequential effect on balances.
- b) The Holding Company has inadequate system for processing of journal entries in accounting software indicating absence of maker checker system which could results into possible effect to the processing of transaction and its consequential effect on balances.

Reply of Directors for above qualifications raised by Statutory Auditors in it’s Report on the Internal Financial Controls with reference to consolidated financial statements:

- a) The Holding Company has adequate system for balance confirmation of trade payable and receivables. The Company is reconciling the outstanding balance of trade payables and receivables on regular intervals. The Holding Company has an internal audit system which is commensurate with the size and nature of its business and there is no weakness in recognition of income and expenses Further as part of internal audit scope such balances are also reviewed by them and hence possibility of misstatement is not there. .

The Holding Company has adequate system of manual approval of processing of journal entries in accounting software and journal entries are also verified by the internal auditor. The Holding Company has an internal audit system which is commensurate with the size and nature of its business. Company are in process of incorporating the maker checker process in accounting software for processing of journal entries.

It may be noted that there were no material misstatements due to the weakness in system for processing of journal entries in accounting software due to absence of maker checker system.

ii. Cost Auditors

The company has received a letter from the cost auditor M/s. J B Mistri & Co., Cost Accountants in Practice having Firm Reg. No. 101067 to the effect that their appointment, if made, would be within the prescribed limits under section 141(3) (g) of the Companies Act, 2013 and that they are not disqualified for appointment.

The board of directors of the company has appointed M/s. J B Mistri & Co. & Associates, Cost Accountants as the cost auditors of the Company to conduct the audit of cost records maintained by the Company as required by the Companies (Cost Records and Audit) Rules 2014 as amended from time to time. The Cost Audit Report for the year 2021-22 was filed with the Ministry of Corporate Affairs within stipulated time period. The members are requested to ratify the remuneration to be paid to the cost auditors of the company.

iii. Secretarial Auditors

Pursuant to the provisions of Section 204 of the Act and The Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, the Board of Directors of the Company had appointed M/s. Ashish Shah & Associates, Company Secretaries in Practice to undertake the Secretarial Audit of the Company for the year ended 31st March, 2023. The **Secretarial Audit Report** is annexed as **Annexure-4**.

Qualifications to the secretarial audit report:

1. Regulation 17 (1) (c) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 requires that the Board of directors of the top 2000 listed entities shall comprise of not less than six directors. Minimum Directors requirement was not fulfilled by the Company for a period of 21 days. Accordingly, Company was in default of Regulation 17(1)(c) for a period of 21 days from 21st February 2023 till 14th March 2023. To that extent Company has not complied with the said provisions of SEBI LODR Regulations.

Reply - The Company was in process of identifying the suitable candidate to fill the vacancy created by the resignation of Directors. The Board of Directors of the Company in its meeting held on 15th March, 2023 has considered and approved appointment of

- a) Mr. Dwigesh Joshi (DIN: 09733282) as an additional Non - Executive Director of the Company.
- b) Mr. Jatin Thakkar (DIN:09312406) as an additional Executive Director of the Company with effect from 15th March, 2023 for the period of 3 consecutive years.

Hence, the composition of Board has been complied pursuant to Regulation 17(1)(c) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and other applicable provisions.

And appointment of abovementioned Directors also confirmed approved by the shareholders of the Company through Postal Ballot.

2. Pursuant to Regulation 31 (1) (b) of SEBI LODR Regulations, the listed entity shall submit to the stock exchange(s) a statement showing holding of securities and shareholding pattern separately for each class of securities, in the format specified by the Board from time to time on a quarterly basis, within twenty-one days from the end of each quarter. There was a delay in Filing of Shareholding Pattern for the Quarter ended June 2022 by 20 days which is in violation of Regulation 31 (1) (b). Thus, Company has not complied with the said provisions of SEBI LODR Regulations to that extent.

Reply - Due to inadvertent circumstances, there was a delay of 20 days in Filing of Shareholding Pattern for the quarter ended 30-06-2023. However, the Company have submitted the Shareholding Pattern to the Stock Exchange after 20 days and also paid penalty for the same.

SECRETARIAL STANDARDS OF ICSI

The Company is in compliance with the Secretarial Standards on Meetings of the Board of Directors (SS - 1) and General Meetings (SS - 2) issued by The Institute of Company Secretaries of India and notified by the Ministry of Corporate Affairs.

ANNUAL RETURN

As per the provisions of section 92(3) of the Companies Act, 2013, the Annual Return of the Company for the FY 2022-23 is placed on the website of the Company and weblink for the same is <https://www.sadbhavinfra.co.in/en/pdf/2023-09/SIPL%20MGT-7%202022-23.pdf>

Annual Report on CSR Activities for the year ended on 31st March 2023

Form No. MR-3
SECRETARIAL AUDIT REPORT FOR THE FINANCIAL YEAR ENDED 31st MARCH, 2023

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Sadbhav Infrastructure Project Limited

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Sadbhav Infrastructure Project Limited (hereinafter called the "Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

We have verified the soft copies of records maintained by the Company. Based on our online verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, We hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2023 generally complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by Sadbhav Infrastructure Project Limited ("the Company") for the financial year ended on 31st March, 2023 and verified the provisions of the following acts, regulations and also their applicability as far as the Company is concerned during the period under Audit:

- i. The Companies Act, 2013 (the Act) and the rules made thereunder;
- ii. The Securities Contracts (Regulation) Act, 1956 ("SCRA") and the rules made thereunder;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- iv. The Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings to the extent of their applicability to the Company;
- v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulation, 2015
 - c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
 - d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2021;
 - e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2021;
 - f) The Securities and Exchange Board of India (Registrar to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with clients;
 - g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; and
 - h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018;

We have also examined compliance with applicable clauses of the following

1. Secretarial Standards issued by the Institute of Company Secretaries of India.
2. Provision of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above except in following:

Regulation 17 (1) (c) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 requires that the Board of directors of the top 2000 listed entities shall comprise of not less than six directors. Minimum Directors requirement was not fulfilled by the Company for a period of 21 days. Accordingly, Company was in default of Regulation 17(1)(c) for a period of 21 days from 21st February 2023 till 14th March 2023. To that extent Company has not complied with the said provisions of SEBI LODR Regulations.

Pursuant to Regulation 31 (1) (b) of SEBI LODR Regulations, the listed entity shall submit to the stock exchange(s) a statement showing holding of securities and shareholding pattern separately for each class of securities, in the format specified by the Board from time to time on a quarterly basis, within twenty-one days from the end of each quarter. There was a delay in Filing of Shareholding Pattern for the Quarter ended June 2022 by 20 days which is in violation of Regulation 31 (1) (b). Thus, Company has not complied with the said provisions of SEBI LODR Regulations to that extent.

We further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. No Change has taken place in the composition of the Board of Directors of the company during the period under review.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings were carried out unanimously. As per records available in the said minutes there were no dissenting views expressed by any directors during the meetings.

We further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period the company there are no specific events/actions having a major bearing on the company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc. referred to above.

1. BUSINESS OVERVIEW

Sadbhav Infrastructure Project Limited ("SIPL") was incorporated in 2007. The Company is among India's leading infrastructure developers specializing in roadways and highways. It enjoys robust in-house of Operation and Maintenance (O&M)— across all its business verticals:

1. Build Operate Transfer (BOT)
2. Hybrid Annuity Model (HAM)

Over the years, the Company has developed rich in-house expertise in O&M verticals. The Company's clients primarily comprise government agencies such as NHAI, AUDA, PWD, among others.

SIPL is strategically growing its presence beyond its stronghold states of Maharashtra, Rajasthan, Haryana, Karnataka, Uttar Pradesh, Telangana and Gujarat.

2. ROAD INFRASTRUCTURAL PERIPHERI IN THE INDIAN ECONOMY

Road & Infrastructure Sector is the progress lifeline for the country's economy. In fact, the growth of the other industry sectors is directly proportional to the progress of the road & infrastructure sector and the quality of services provided by it. Food, Perishable Goods, Agriculture, and Pharmaceutical Sectors are the top beneficiary sectors. Some of these industries have even adopted Just-in-time plant-to-product outlet models reducing warehousing costs and working capital cycle as a result of improved road infrastructure. The Ministry of Road Transport and Highways has received a 36% increase in allocation, with about Rs. 2.7 lakh crore allotted in 2023-24 budget. This is 10% higher than the budgetary allocation of Rs. 1.99 lakh crore in the previous year. Out of this allocation, around Rs. 1.62 lakh crore has been allocated to the National Highways Authority of India (NHAI) as part of MoRTH's capital expenditure plan for 2023-24. This represents a 21% increase from the previous year, when the NHAI was allotted Rs. 1.34 lakh crore.

In the fiscal year 2024, NHAI will receive budgetary support in the form of Rs. 131400 Crores from cess funds originating from the Central Road and Infrastructure Fund. Additionally, toll plough back proceeds of Rs. 20800 Crores and asset monetisation proceeds of Rs. 100000 Crores will contribute to the budgetary support.

The highways developed will be building close to 14,000 km of roads in FY24 with estimated construction to be around 12000 KM during the first 9 months of FY'23. As many as 100 big-ticket infrastructure projects of different ministries worth Rs 5.89 lakh crore have been recommended for approval under the PM Gati Shakti initiative to further boost infrastructure. The government of India has formed a special initiative, Network Planning Group (NPG). The initiative was launched to develop an integrated infrastructure to reduce logistics costs. All logistics and connectivity infrastructure projects, entailing investments of over Rs. 500 crore are routed through the NPG. A total of 40 road projects with a total investment of Rs. 3.65 lakh crore, 40 railway projects worth Rs. 95,704 crore and 8 urban development projects valued at Rs. 79,016 crore have been approved for FY'24. The Ministry of Road Transport and Highways has planned over 1,400 kilometers of roads to date using the National Master Plan (NMP).

3. OPPORTUNITIES & STRENGTHS

More GDP Growth and more economic activities mean more movement of materials, goods, services and people and thus more capacity utilisation. SIPL operates and manages the projects that provide connectivity to either economically developed areas or fast-developing areas. SIPL expects toll revenue collection higher than the earlier recorded collections. SIPL has put in place, the right mix of skilled professionals, processes and technologies so as to infuse the highest level of operational efficiency. Public Private Partnership (PPP) Policy of MoRTH has been a positive step towards fortifying the country's infrastructure. A slew of measures like

the provision of subsidy up to 40% of the project cost to make projects viable and decision of subsidies on a case-to-case basis, 100% tax exemption in consecutive 10 years out of 20 years after commissioning of the project and duty-free import of high capacity and modern road construction equipment has opened up host of new opportunities. Infusion of new technologies into the day-to-day operations, making processes online with faster net connectivity and online UPI payments has also yielded a new set of opportunities and reduced operational risks substantially making operations more sustainable and hassle-free, resulting in commuters' delight.

4. RISKS & CHALLENGES

The management of company has identified the risk in various categories, described as follows:

Internal and Business Risks

The successful completion of projects depends on our joint venture partners & EPC contractors and is therefore, sometimes, contingent on their performance. These projects are high valued contracts. Some of these entail a penalty for delay in completion of the project on time. These may adversely affect our profitability. Also, cost overrun due to problems of land acquisitions, removal of encroachment and complying with environmental standard and our insurance coverage may not adequately protect us against possible risk of loss. Delay due to sub-contractor's performance and shortage in supply of raw materials can postpone projects and eventually result in delay of the payment. Non-maintenance / break-down, mishandling of machines and equipment of pose a major risk towards non execution of projects and liability towards the organization. A temporary setback is faced by the organization if any key managerial personnel were to leave.

Any negligence towards health and safety of workforce and employees can affect our performance. An additional financial burden on the company, due to repayment and interest on Non-Convertible Debentures, also contributes towards internal risks faced by the organization.

External Risks

External Risks beyond the control of Management are identified in various ways. Any change in the government policy, political situation, regulatory environment and civil disturbances will have adverse effect on company's business. Natural risks like adverse weather condition, floods, earthquakes etc. However, these risks are passed on by taking the Insurance Coverage from Insurance Company. Changes in the tax structure like GST, entry tax, RTO tax etc. also play a major role. An increase or decrease or withdrawal of tax benefits and other incentives by the Government will have an impact on our net income. An increased competition from large national and international organizations is also an area of concern. Deviation from estimated traffic volume may affect future earnings in case of toll based BOT projects.

Availability of funds and interest rate risk

Infrastructure projects are typically capital intensive and require high levels of long-term debt financing. SIPL intends to pursue a strategy of continued investment in infrastructure development projects. In the past, the Company was able to infuse equity and arrange for debt financing to develop infrastructure projects on acceptable terms for the projects. However, SIPL believes that its ability to continue to arrange for fund requirements is dependent on various factors. These factors include: timing and internal accruals generation; timing and size of the projects awarded; credit availability from banks and financial institutions; the success of its current infrastructure development projects. Besides, there are also several other factors outside its control.

However, your Company's track record has enabled it to raise funds at competitive rates. Your Company had also raised funds through Non-Convertible Debenture ("Debentures") for refinancing of its old funds which helped it to reduce the interest rate burden.

Traffic growth risk

Toll revenue is a function of the toll rates and traffic growth.

Toll rates: The Government has been implementing a policy of linking toll rates increase to change in Wholesale Price Index (WPI). All Toll projects have fixed annual or periodical increase in their toll rates, according to the Concession Agreement with respective authorities.

Traffic growth: Rapid economic development increases traffic growth while low economic activity has a negative impact on traffic volume.

Competition risk

Attractive growth opportunities exist in the road construction sector, especially with the government going full throttle on infrastructure development with the Bharatmala Pariyojana. This may increase the number of players operating in the industry. However, the Company is confident about retaining its competitive edge, backed by its industry-leading experience in the roads and highways sector. Further, the Company has carved out a niche in the BOT segment. Higher competencies including financial strength required for this segment create entry barriers, thereby limiting competition. As a prudent strategic initiative, SIPL will continue to bid for projects based on their financial, operational and execution viability.

5. MINIMIZING RISKS

A risk management exercise not only identifies risks, but also reduces risks to an acceptable level. Your Company has risk management policies to manage and overcome these risks to ensure smooth functioning of the Company's business operations which are reviewed periodically by the Directors of the Company. This provides a window for quick decisions. SIPL, a subsidiary of Sadbhav Engineering Ltd., maneuvers to supply materials effectively and keep the cost escalation risk to a minimum. Before entering into any joint venture agreement, we thoroughly analyse the prospective venture partners' past performances and credentials. We plan elaborately to execute all our projects before the scheduled time. We have a proven track record of completing work within the stipulated time. We have a full-fledged team of technical experts at our workshop, who are responsible for the repairs and maintenance of the equipment. Therefore, work without stoppages or no significant labour disruptions during its operational history was paved way for by our

extensive employee welfare scheme which looks after their health and safety. We have taken contractor's all risk insurance policy in respect of projects and workmen's compensation policies to protect against losses caused to workmen through accident. Most of the critical work during the operation period is done by us and only very minimal portion of the work is sub-contracted. We always insist to have a performance guarantee and quality assurance from them. As a company, our ability to foresee and manage business risks plays a crucial role in achieving positive results even from the downturn of economic situations. We also regularly conduct third audits of the toll management systems and toll collection systems in order to identify lacunas and improve our operational performance.

6. SEGMENT WISE PERFORMANCE

During the year 2022-23, the Company has only one reportable business segment, i.e. infrastructure development includes "Built Operate and Transfer (BOT) / Hybrid Annuity Projects and its related activities. A segment performance on standalone and consolidated basis is given in the financial statements of the Company.

7. INTERNAL CONTROLS SYSTEMS AND ADEQUACY

The Company possesses a suitable mechanism for internal controls. It follows a well-designed documentation system for policies and procedures covering all financial and operating functions. These controls have been developed and designed in a manner to properly maintain accounting records for ensuring reliability of financial reporting, monitoring of operations, protecting assets from unauthorised use or losses and compliance with regulations. The Company has digitalised all key process controls through the SAP S/4 HANA – systems to maximise automated control transactions. The auditor verifies IT-enabled controls as part of the review of functions and processes as part of the Internal Audit function.

The Audit Committee of the Board of Directors actively reviews the adequacy and effectiveness of the internal control systems and suggests improvements to strengthen the same. The Company has a robust Management Information System, which is an integral part of the control mechanism. The Audit Committee of the Board of Directors, Statutory Auditors and the Business Heads are periodically apprised of the internal audit findings and corrective actions taken. Audit plays a key role in providing assurance to the Board of Directors. Significant audit observations and corrective actions taken by the management are presented to the Audit Committee of the Board. To maintain its objectivity and independence, the Internal Audit Auditor reports to the Chairman of the Audit Committee.

8. FINANCIAL OVERVIEW

Independent Auditor's Report

To the Members of
Sadbhav Infrastructure Project Limited

Report on the Audit of the Standalone Financial Statements

Qualified Opinion

We have audited the accompanying standalone financial statements of Sadbhav Infrastructure Project Limited ("the Company"), which comprises of the balance sheet as at March 31, 2023, and the statement of Profit and Loss (including other comprehensive income), and the statement of changes in equity and statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, except for the matters described in the "Basis for Qualified Opinion" section of our report, the aforesaid standalone financial statements give the information required by the Companies Act, 2013, ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and its loss, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Qualified Opinion

1. We draw attention to Note 47 and Note 48 to the accompanying Standalone Financial Statements with respect to investment in and loan & advances to Rohtak Panipat Tollway Private Limited and Rohtak Hissar Tollway Private Limited, subsidiaries of the Company. Both the subsidiaries have issued notice of termination of Concession Agreement to National Highways Authority of India (NHAI) on account of Force Majeure Event as per Concession Agreement. As explained in the said note, the company has carried out impairment assessment of investment in these subsidiaries considering the expected payment arising out of aforesaid termination and other claims filed with NHAI and based on the above assessment, management has concluded that no impairment / adjustment to the carrying value of the investment and loans & advances aggregating to INR 7976.40 million are necessary as at March 31, 2023.

However, we have not been able to corroborate the management's contention of realising the carrying value of investments, loans and advances and Trade and other receivables related to both subsidiaries aggregating to INR 7976.40 million as on March 31, 2023.

Accordingly, we are unable to comment on appropriateness of the carrying value of such investment and loans and advances and their consequential impact on the Standalone Financial Statements and financial position of the Company as at and for the year ended on March 31, 2023.

Our audit report dated May 28, 2022 on the standalone financial statements for the year ended 31 March 2022 was also qualified in respect of this matter.

2. We draw attention to Note 49 of the accompanying Standalone Financial Statements with respect to Sadbhav Vidarbha Highway Limited (Concessionaire or SVHL), subsidiary of the Company, in which case, lender of SVHL, in the month of February, 2023, have exercised its right to substitute concessionaire. The SVHL vide its letter dated May 5, 2023 had recommended National Highways Authority of India (NHAI), Harmonious substitution of concessionaire. The approval of NHAI is awaited. As explained in said note, management has carried out impairment assessment of Investment (including sub debt), loan and other receivables in this subsidiary duly considering the expected payment arising out of aforesaid substitution and based on the above assessment, management has concluded that no impairment / adjustment to the carrying value of Investment (including sub debt), loan and other receivables aggregating to INR 1176.53 million is considered necessary as at March 31, 2023.

However, we have not been able to corroborate the management's contention of realizing the carrying value of Investment (including sub debt), loan and other receivables balance amounting to INR 1176.53 million as at March 31, 2023.

Accordingly, we are unable to comment on appropriateness of the carrying value of Investment (including sub debt), loan and other receivables and their consequential impact on the Standalone financial statements and financial position of the company as at and for the year ended on March 31, 2023.

3. We draw attention to Note 51 of the accompanying Standalone Financial Statements with respect to Sadbhav Hybrid Annuity Project Limited (SHAPL), subsidiary of the company in which auditors of the said subsidiary expressed concerns over subsidiary's ability to continue as going concern as the net worth of the subsidiary has been completely eroded. As explained in the said note, management has carried out impairment assessment of Investment (including sub debt), loan and other receivables in this subsidiary duly considering expected payment to be received by the said subsidiary and based on the that, management has concluded that no impairment / adjustment to the carrying value of Investment (including sub debt), loan and other receivables aggregating to INR 680.39 million is considered necessary as at March 31, 2023.

However, we have not been able to corroborate the management's contention of realizing the carrying value of Investment (including sub debt), loan and other receivables balance aggregating to INR 680.39 million as at March 31, 2023. Accordingly, we are unable to comment on appropriateness of the carrying value of Investment (including sub debt), loan and other receivables and their consequential impact on the Standalone financial statements and financial position of the company as at reporting date and for the year ended on March 31, 2023.

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013 (the Act). Our responsibilities under those Standards are further described in

the “Auditor’s Responsibilities for the Audit of the Standalone Financial Statements” section of our report. We are independent of the Company, in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (“ICAI”) together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on standalone financial statements.

Material uncertainty related to going concern

We draw attention to Note no. 52 to the accompanying Standalone Financial Statements, which indicates that, current liabilities exceed current assets by INR 2348.21 million and the Company finds difficulty in meeting obligations of payment to suppliers and statutory dues. Further, the company is in the process of divestment of its investment in subsidiary companies and subsidiary companies finds difficulty in meeting the obligations of lenders and accounts by the respective lenders have been classified as Non-Performing Assets. These events or conditions along with other matters as set forth in the said note indicate that a material uncertainty exists that may cast significant doubt on the Company’s ability to continue as a going concern. Management’s evaluation of the events and conditions and management’s plans regarding these matters are also described in the said note.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the report described in the Basis for Qualified Opinion section we have determined the matters described below to be key audit matters to be communicated in our report.

In addition to the matter described in the ‘Material Uncertainty Related to Going Concern’ section, we have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor’s responsibilities for the audit of the Standalone Financial Statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Standalone Financial Statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Standalone Financial Statements

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon. The other information report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and necessary action in accordance with the SAs will be taken.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The accompanying standalone financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of these standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and those charged with governance are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether these standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable

assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE – ‘A’ TO THE INDEPENDENT AUDITOR’S REPORT

of Even Date on the Standalone Financial Statements of Sadbhav Infrastructure Project Limited
 (Referred to in paragraph 1(g) under “Report on Other legal and Regulatory Requirements” section of our report the member of
Sadbhav Infrastructure Project Limited of even date)

Report on the Internal Financial Controls with reference to standalone financial statements under clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (the “Act”)

We have audited the internal financial controls with reference to standalone financial statements of Sadbhav Infrastructure Project Limited (“the Company”) as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Responsibility of Management and Those Charged with Governance for Internal Financial Controls

The Company’s Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over financial reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility for the Audit of Internal Financial Controls with reference to Standalone Financial Statements

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by ICAI prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to the standalone financial statements and the Guidance Note issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system

with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Company's internal financial controls system with reference to these standalone financial statements.

Meaning of Internal Financial Controls with reference to the Standalone Financial Statements

A company's internal financial control with reference to the standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of the standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with reference to the Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to the information and explanations given to us and based on our audit, the following material weaknesses has been identified in the operating effectiveness of the Company's internal financial controls with reference to standalone financial statements as at March 31, 2023:

The Company's internal financial controls with reference to standalone financial statements as at March 31, 2023 as regards evaluation of uncertainty for realizing the carrying value of investments (including sub-debt), loan and other receivables as explained in Note 47, Note 48, Note 49 and Note 51 to the standalone financial statements were not operating effectively which could potentially lead to not providing adjustments, if any, that may be required to the carrying values of investments (including sub-debt), loan and other receivables from such subsidiaries and its consequential impact on the earnings, other equity and related disclosures in the standalone financial statements.

The Company's internal process with regards to the confirmation and reconciliation of trade payables, trade receivables, other incidental balances pertaining to the said trade payables and trade receivables, recognition of income and expenses are not operating effectively.

Based on our audit procedure, in our opinion, the Company has inadequate system for processing of journal entries in accounting software indicating absence of maker checker system which could results into possible effect to the processing of transaction and its consequential effect on balances.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control with reference to the standalone financial statements, such that there is a reasonable possibility that a material misstatement of the company's annual or interim standalone financial statements will not be prevented or detected on a timely basis.

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the standalone financial statements of the Company as at and for the year ended 31 March 2023, and material weaknesses with respect to evaluation of uncertainty for realizing the carrying value of investments (including sub-debt), loan and other receivables as explained in Note 47, Note 48, Note 49 and Note 51 to the standalone financial statements have affected our opinion on the standalone financial statements of the Company, and we have issued a qualified opinion on the standalone financial statements.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to standalone financial statements as at March 31, 2023, based on the internal control with reference to the standalone financial statements considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial reporting issued by the ICAI and except for the effects/ possible effects of the material weakness described above on the achievement of the objectives of the control criteria, the company's internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2023.

(ii) The Company did not have intangible Assets.
- (b) The Company has a program of physical verification of its Property, Plant and Equipment. In accordance with this program, Property, Plant and Equipment were verified during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.
- (c) The Title deeds of immovable property disclosed in the Standalone financial statements included in investment property are held in the name of the Company as at the balance sheet date.
- (d) The Company has not revalued any of its Property, Plant and Equipment during the year.
- (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.
- (ii) (a) The project inventories were physically verified by the management during the year at reasonable intervals. In our opinion and based on information and explanations given to us, the coverage and procedure of such verification by the management is appropriate having regard to the size of the Company and the nature of its operations. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with the books of account.
- (b) During any point of time of the year, the company has not been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, from banks or financial institutions on the basis of security of current assets. Hence the reporting requirements of paragraph 3(ii)(b) of the Order is not applicable.
- (iii) (a) The Company has provided loans or advances in the nature of loans during the year and details of which are given below:

Particulars	Loans
Aggregate amount granted/provided during the year:	
Subsidiaries	17.36
Others	-
Balance outstanding as at balance sheet date in respect of above cases (including opening Balances)	
Subsidiaries	17.46
Others	-

In our opinion and according to the information and explanations given to us, the company has not provided any guarantee or security to any other entity during the year.

- (b) In our opinion and according to the information and explanations given to us, the terms and conditions of the grant of loans are prejudicial to the Company’s interest on account of the fact that the loans that have been granted are interest-free.
However, attention is invited to “Basis for Qualified Opinion” in our main audit report.
- (c) In respect of loans granted, the terms of arrangements do not stipulate any repayment schedule of principal and interest.
- (d) Since the cited loans are repayable on demand, reporting under this clause in respect of overdue balance is not applicable.
- (d) In our opinion and according to the information and explanations given to us, neither loans or advances in nature of loans have been renewed or extended nor any fresh loans have been granted to settle the overdue of existing loans.
- (f) The Company has granted Loans amounting to Rs 58.91 Million given to related parties, details of which are given below:

Particulars	Others (Rs.)	Promoters (Rs.)	Related Parties (Rs.)
Aggregate amount of loans/ advances in nature of loans Repayable on demand (A)			
Agreement does not specify any terms or period of repayment (B)	0.00	0.00	58.91
Total (A+B)	0.00	0.00	58.91
Percentage of loans/ advances in nature of loans to the total loans	0.00%	0.00%	10.36%

- (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of sections 185 and 186 of the Act, with respect to the loans granted, investments made and guarantees and securities provided, as applicable.

- (v) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits (including deemed deposits) from the public within the meaning of provisions of sections 73 to 76 of the Act and the rules framed there under and hence reporting under clause (v) of paragraph 3 of the Order is not applicable. According to the information and explanations given to us, no order has been passed by the Company Law Board or the National Company Law Tribunal or the Reserve Bank of India or any Court or any other Tribunal against the Company in this regard.
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records under section 148(1) of the Act, related to road and other infrastructure projects related services, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained by the Company. We have not, however, made a detailed examination of the same.

- (vii) (a) According to the information and explanations given to us and on the basis of examination of the records of the Company provided to us, undisputed statutory dues including provident fund, employees' state insurance, income tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues, as applicable, have not been regularly deposited with the appropriate authorities during the year.

According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues, as applicable were in arrears as at March 31, 2023 for a period of more than six months from the date they became.

- (b) There are no statutory dues referred in sub clause(a) above which have not been deposited on account of dispute as on March 31,2023 except as detailed hereunder.

Name of the Statue	Nature of the Dues	Period to which the amount relates	Forum where Dispute is pending	Amount (Rs.in million)
The Income Tax Act, 1961	Income Tax	2016-2017	ITAT	61.12

- (viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.

- (ix) (a) We are of the opinion that the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.

(b) The Company has not been declared willful defaulter by any bank or financial institution or other lender.

(c) The Company has not taken any term loans during the year. Hence the reporting requirement of paragraph 3(ix)(c) of the Order are not applicable.

(d) On an overall examination of the standalone financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.

(e) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries as defined under the Act. The Company does not hold any investment in associate and any joint venture (as defined under the Act) during the year ended March 31, 2023.

(f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies.

- (x) (a) The Company has not raised any money by way of initial public offer or further public offer during the year. Hence the reporting requirements of paragraph 3(x)(a) of the order are not applicable.

(b) The Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Hence the reporting requirements of paragraph 3(x)(b) of the order are not applicable.

- (xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, we report that no fraud by the Company or on the Company has been noticed or reported during the year.

(b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.

(c) As represented by the management, there are no whistle blower complaints received by the Company during the year.

- (xii) In our opinion the Company is not a Nidhi Company. Therefore, the reporting requirement of Clause 3(xii) of the Order is not applicable to the Company.

- (xiii) According to the information and explanation given to us and on the basis of our examination of the records of the Company, all the transactions with related parties are in compliance with Sections 177 and 188 of the Act where applicable and also the details which have been disclosed in the Financial Statements are in accordance with the applicable Indian Accounting Standards.

- (xiv) (a) In our opinion the Company has an internal audit system which is commensurate with the size and nature of its business.

(b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year, in determining nature, timing and extent of our audit procedure.

- (xv) The Company has not entered into non-cash transactions with directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

- (xvi) (a) According to the information and explanations given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.

(b) In our opinion, there is no core investment Company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.

- (xvii) The Company has incurred cash losses amounting to Rs 612.03 Million during the Financial Year and Rs 2266.99 Million in the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause (xviii) of the Order is not applicable to the Company.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements and our knowledge of the Board of Directors and management plans (refer note no 52 to the standalone financial statements) and based on our examination of the evidence supporting the assumptions, there exist material uncertainty as on the date of the audit report indicating that the company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. (Refer 'Material uncertainty related to Going Concern' paragraph in our main audit report). We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due. (Attention is invited to Note No. 52 to the standalone financial statement and material uncertainty related to going concern paragraph in the main Audit Report)
- (xx) According to information and explanation given to us, based on examination of the financial statement of the Company, requirement of section 135 is not applicable to the Company. Hence reporting requirement of paragraph 3(xx) (a) and (b) of the Order are not applicable to the Company.

Notes to Standalone Financial Statement for the year ended March 31, 2023

1. Company information:

Sadbhav Infrastructure Project Limited (the “Company or SIPL”) is a public company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. Its shares are listed on two recognized stock exchanges in India. The registered office of the company is located at “Sadbhav House”, Opp. Law Garden Police Chowki, Ellisbridge, Ahmedabad – 380 006.

The Company is engaged in development, construction as well as operation & maintenance of infrastructure projects and related consulting and advisory services. The Company undertakes infrastructure development projects directly or indirectly through Special Purpose Vehicles (SPVs) as per the concession agreements. The Company is a subsidiary of Sadbhav Engineering Limited (“SEL”), a listed company, engaged in providing engineering, procurement and construction services (“EPC”) in the road and other infrastructure projects.

The Standalone Financial statements were approved for issue in accordance with a resolution of the board of directors on May 28, 2023.

2. Basis of preparation:

The Standalone Financial statements of the Company have been prepared in accordance with Indian Accounting Standards (“Ind AS”) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act 2013, (Ind AS compliant Schedule III), as applicable to Standalone Financial statements.

These Standalone Financial statements have been prepared on a historical cost convention and on an accrual basis, except for the followings assets and liabilities which have been measured at fair value:

Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments)

The Standalone Financial statements are presented in INR and all values are rounded to the nearest million (INR 000,000), except when otherwise indicated.

3. Summary of significant accounting policies

The following are the significant accounting policies applied by the company in preparing its Standalone Financial statements:

3.1 Current versus non-current classification

The Company presents assets and liabilities in the Balance Sheet based on current/non-current classification. An asset is current when it is:

- Expected to be realized or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle;
- Held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating cycle

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its normal operating cycle.

3.2 Property, Plant and Equipment

Property, Plant and Equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost comprises the purchase price, borrowing costs if the recognition criteria are met and directly attributable cost of bringing the assets to its working condition for its intended use.

All other expenses on existing property plant and equipment, including day-to-day repair and maintenance expenditure are charged to the Standalone Statement of profit and loss for the period during which such expenses are incurred.

Derecognition

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected

Notes to Standalone Financial Statement for the year ended March 31, 2023

from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Standalone Statement of Profit and Loss when the asset is de-recognized.

Depreciation

Depreciation on property, plant and equipment is provided on the written down value method basis over useful lives of the assets as prescribed under Part C of Schedule II to the Companies Act, 2013. When parts of an item of property, plant and equipment have different useful life, they are accounted for as separate items (Major Components) and are depreciated over their useful life or over the remaining useful life of the principal assets whichever is less.

Depreciation for assets purchased/sold during a period is proportionately charged for the period of use.

The estimated useful lives, residual values and depreciation method of property, plant and equipment are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

3.3 Impairment – Non-financial assets

The company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's fair value less costs to sell and its value in use. The recoverable amount is determined for an individual asset which is based on the discounting of estimated future cash flows to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. When the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. The impairment loss is recognized in the Standalone Statement of profit and loss.

The Company bases its impairment calculation on detailed budgets and forecasts calculation (DCF method). These budgets and forecasts calculations generally covering a period of the concession agreements using long terms growth rates applied to future cash flows.

3.4 Revenue from contract with customers

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The specific recognition criteria described below must also be met before revenue is recognized. The company has concluded that it is principal in its revenue arrangements because its typically controls goods or services before transferring them to the customer.

Construction services

Revenue from construction services is recognized over a period as the customer simultaneously receives and consumes the benefits provided by the Company and measure revenue based on input method i.e. revenue recognized on the basis of cost incurred to satisfaction of a performance obligation relative to the total expected cost to the satisfaction of that performance obligation. If the outcome of a performance obligation satisfied over time cannot be reasonably measured, revenue is calculated using the zero-profit method in the amount of the contract costs incurred and probably recoverable.

The total costs of contracts are estimated based on technical and other estimates. In the event that a loss is anticipated on a particular contract, provision is made for the estimated loss. Contract revenue earned in excess of billing is reflected under as "contract asset" and billing in excess of contract revenue is reflected under "contract liabilities".

Operation and Maintenance and Project management services:

Revenue from Operation and Maintenance and Project management services are recognized pro-rata over the period of the contract as and when services are rendered. Goods and Service tax collected on behalf of the government is not an economic benefit flowing to the company. Hence, it is excluded from revenue.

Contract Balances:

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to customer. If the company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognized for the earned consideration that is conditional.

Trade Receivable

A receivable is recognised if an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of Financial instruments – initial recognition and subsequent measurement.

Contract liabilities

A contract liability is recognised if a payment is received or a payment is due (whichever is earlier) from a customer before the Company transfers the related goods or services. Contract liabilities are recognised as revenue when the Company performs under the contract (i.e., transfers control of the related goods or services to the customer).

Notes to Standalone Financial Statement for the year ended March 31, 2023

3.5 Other Income

Interest

Interest income primarily comprise of interest from deposit with bank. Interest Income is recorded using the effective interest rate (EIR). The EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Dividend

Income from dividend on investment is accrued in the year in which it is declared, whereby right to receive is established.

3.6 Investment Property

Investment Property is measured initially at cost including related transaction costs. Such cost comprises the purchase price, borrowing cost if capitalization criteria are met. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any. All day-to-day repair and maintenance expenditure are charged to the Standalone Statement of profit and loss for the period during which such expenses are incurred.

An Investment property is derecognised either when it has been disposed of or when it has been permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

Transfers are made to (or from) investment property only when there is a change in use.

3.7 Inventory

Project Inventories are valued at lower of cost and net realizable value. Cost comprise all cost of purchase, and other costs incurred in bringing the inventories to their present location and condition. Cost of materials is determined on first-in-first-out basis. Net realizable value is the estimated selling price less estimated cost necessary to make the sale.

3.8 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the year they occur. Borrowing cost consist of interest and other costs that company incurs in connection with the borrowing of funds as defined in Indian Accounting Standard 23 – Borrowing Cost.

3.9 Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases of building (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

3.10 Investment in subsidiaries

Investments in subsidiaries are recognized at cost as per Ind AS 27. If there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the net investment in a subsidiary (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated, then it is necessary to recognize impairment loss with respect the Company's investment in a subsidiary.

3.11 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a.) Financial assets

I.) Initial recognition and measurement of financial assets

All financial assets are recognized initially at fair value. Transaction costs that are directly attributable to the acquisition of financial assets that are not at fair value through profit or loss are added to the fair value on initial recognition.

II.) Subsequent measurement of financial assets

For purposes of subsequent measurement, financial assets are classified in below categories:

- Financial assets at amortized cost

Notes to Standalone Financial Statement for the year ended March 31, 2023

- **Financial assets at fair value through profit or loss**

- **Financial assets at amortized cost**

A financial asset is measured at amortized cost if it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

- **Debt instruments at amortized cost**

A 'debt instrument' is measured at the amortized cost if both the above conditions mentioned in "Financial assets at amortized cost" are met. After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognized in the profit or loss.

- **Perpetual securities**

The Company invests in perpetual securities (subordinated debt), without coupon and redeemable at the issuer's option. The Company classifies this instrument as equity under Ind AS 32.

- **Financial assets at fair value through profit or loss:**

Financial assets at fair value through profit or loss are carried in the balance sheet at fair value with net changes in fair value recognised in the statement of profit and loss.

In addition, the company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The company has not designated any debt instrument as at FVTPL.

III.) De-recognition of financial assets

A financial asset is de-recognized when the contractual rights to the cash flows from the financial asset expire or the Company has transferred its contractual rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognize the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

IV.) Impairment of financial assets

The Company recognizes an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables and
- Other receivables

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the economic environment.

b.) Financial Liabilities

I.) Initial recognition and measurement of financial liabilities

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

All financial liabilities are recognized initially at fair value in case of loan and borrowings and payable, fair value is reduced by directly attributable transaction costs.

Notes to Standalone Financial Statement for the year ended March 31, 2023

II.) Subsequent measurement of financial liabilities

For purposes of subsequent measurement, financial liabilities are classified in two categories:

- Financial liabilities at fair value through profit or loss
- Financial liabilities at amortized cost (loans and borrowings)

• Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in Ind-AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses on changes in fair value of such liability are recognized in the Standalone Statement of Profit and Loss.

• Financial liabilities at amortised cost (Loans and Borrowings)

After initial recognition, interest-bearing borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the Standalone Statement of Profit and Loss. This category generally applies to borrowings.

• Compound financial instruments

Compound financial instruments are separated into liability and equity components based on the terms of the contract. At inception, the fair value of the liability component is determined using a market rate. This amount is classified as a financial liability measured at amortised cost (net of transaction costs) until it is extinguished on redemption.

• Financial guarantee contracts

Financial guarantee contracts issued by the company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less, when appropriate, the cumulative amount of income recognized in accordance with the principles of Ind AS 115.

III.) Derecognition of financial liabilities

A financial liability (or a part of a financial liability) is derecognized from its balance sheet when the obligation specified in the contract is discharged or cancelled or expired.

When an existing financial liability is replaced by another liability from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amount is recognized in the Standalone Statement of Profit and Loss.

c.) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if the Company currently has enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

3.12 Fair Value Measurement

The company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefit by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

Notes to Standalone Financial Statement for the year ended March 31, 2023

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the Standalone Financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market price in active markets for identical assets or liabilities
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the Standalone Financial statements on a recurring basis, the company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The company's management determines the policies and procedures for both recurring fair value measurement.

At each reporting date, the management analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the company's accounting policies. For this analysis, the management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The management also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable on yearly basis.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy, as explained above.

3.13 Employee Benefits

a.) Short Term Employee Benefits

All employee benefits payable are expected to be settled wholly within 12 months after the end of the reporting period are classified as short-term benefits. Such benefits include salaries, wages, bonus, short term compensation etc. and the same are recognized as an expense in the Standalone Statement of Profit and Loss in the period in which the employee renders the related services.

b.) Post-Employment Benefits

(i) Defined contribution plan

The Company's approved provident fund scheme is defined contribution plans. The Company has no obligation, other than the contribution paid/payable under such schemes. The contribution paid/payable under the schemes is recognized and charged to Standalone Statement of Profit and Loss during the period in which the employee renders the related service.

(ii) Defined benefit plan

The employee's gratuity scheme is a defined benefit plan. The present value of the obligation under such defined benefit plans is determined based on the actuarial valuation using the Projected Unit Credit Method as at the date of the Balance sheet.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability are recognized immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income (OCI) in the period in which they occur. Re-measurements are not reclassified to Standalone Statement of Profit and Loss in subsequent periods.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognizes the following changes in the net defined benefit obligation as an expense in the Standalone Statement of Profit and Loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

c.) Other Employment benefits

The employee's compensated absences, which is expected to be utilized or encashed within the next 12 months, is treated as short-term employee benefit. The company measures the expected cost of such absences as the additional amount that it expects to pay as result of the unused entitlement that has accumulated at the reporting date. As per Company's policy, no leave are expected to be carried forward beyond 12 months from the reporting date.

3.14 Income tax

Income tax expense comprises current tax and deferred tax.

Current Tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities in accordance with Income tax 1961. The tax rates and tax laws used to compute the amount are those that are

Notes to Standalone Financial Statement for the year ended March 31, 2023

enacted or substantively enacted at the reporting date.

Current income tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity). Current income tax are recognized in correlation to the underlying transaction either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred Tax

Deferred tax is provided using the balance sheet approach. Deferred tax is recognized on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognized for all taxable temporary differences except when the deferred tax liability arises from the initial recognition of an asset or liability in a transaction that affects neither the accounting profit nor taxable profit or loss.

Deferred tax assets are recognized for all deductible temporary differences, carry forward of unused tax losses and carry forward of unused tax credits to the extent that it is probable that taxable profit will be available against which those temporary differences, unused tax losses and the carry forward of unused tax credits can be utilized except when the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the tax rules and tax laws that have been enacted or substantively enacted by the end of the reporting period.

The Company offsets deferred tax assets and deferred tax liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

3.15 Provisions

Provisions are recognized when the company has a present obligation (legal or constructive) as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the Standalone Statement of Profit and Loss net of any reimbursement, if any.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost. Provision are reviewed at each balance sheet and adjusted to reflect the current best estimates.

3.16 Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the Standalone Financial statements. Contingent liabilities are reviewed at each balance sheet date.

3.17 Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, that are readily convertible to a known amount of cash and subject to an insignificant risk of changes in value. For the purpose of the Standalone Statement of cash flows, cash and cash equivalents consists of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered as integral part of the Company's cash management.

3.18 Cash dividend distribution to equity holders

The Company recognizes a liability to make cash distributions to equity holders when the distribution is authorized and the

Notes to Standalone Financial Statement for the year ended March 31, 2023

distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorized when it is approved by the shareholders. A corresponding amount is recognized directly in equity.

3.19 Earnings per share

Basic earnings per share is calculated by dividing the profit / loss for the year attributable to equity holders of the company by the weighted average number of shares outstanding during the year.

Diluted earnings per share is calculated by dividing the profit / loss attributable to equity holders by the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

3.20 Segment reporting

Based on management approach as defined in Indian Accounting Standard 108 – Operating Segment, Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker for evaluation of Company's performance.

3.21 Non-current assets held for sale

The Company classifies non-current assets as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use.

The criteria for held for sale classification is regarded as met only when the sale is highly probable, and the asset is available for immediate sale in its present condition. Actions required to complete the sale should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the sale and the sale expected within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Costs to sell are the incremental costs directly attributable to the disposal of an asset excluding finance costs and income tax expense.

Assets and liabilities classified as held for sale are presented separately from other items in the balance sheet.

4. Significant accounting judgments, estimates and assumptions

The preparation of the Company's Standalone Financial statements requires management to make estimates, judgments and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities and the accompanying disclosure, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the Standalone Financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Impairment of Investments

The Company reviews its carrying value of its investments carried at cost annually, or more frequently when there is indication for impairments. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

Taxes

Deferred tax assets are recognized for unused tax credits to the extent that it is probable that taxable profit will be available against which the credits can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Revenue from contract with customer

The Company uses the input method for recognizing construction revenue. Use of the input method requires the company to estimate the efforts or costs expended to the date as a proportion of the total efforts or costs to be expended. Efforts or costs expended have been used to measure progress towards completion of performance obligation as there is a direct relationship between input and productivity. Provision for estimated losses, if any, on uncompleted performance obligation are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting date. Due to technical complexities involved in the budgeting process, contract estimates are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required

Notes to Standalone Financial Statement for the year ended March 31, 2023

in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

34. Employee Benefits Disclosure

A Defined Contribution Plans:

The following amount recognised as expenses in statement of profit and loss on account of provident fund and other funds. There are no other obligations other than the contribution payable to the respective authorities.

(INR in Million)

Particulars	Year ended March 31, 2023	Year ended March 31, 2022
Contribution to Provident funds	1.25	1.77
Contribution to Employee state insurance	0.13	0.22
Contribution to Benevolent fund	-	0.02
Total	1.38	2.01

B Defined benefit plans - Gratuity benefit plan:

The Company has a Gratuity benefit plan. Every employee who has completed five years or more of service gets a gratuity on the termination of his employment at 15 days salary (last drawn salary) for each completed year of service. The scheme is unfunded. The present value of obligation in respect of gratuity is determined based on actuarial valuation using the Project Unit Credit Method as prescribed by the Indian Accounting Standard - 19. Gratuity has been recognised in the financial statement as per details given below:

(INR in Million)

Defined benefit obligations as at end of the year (A+B+C+D)	7.70	4.24
Non-current	5.97	2.82
Current	1.73	1.42

The principal assumptions used in determining above defined benefit obligations for the Company's plans are shown below:

Particulars	(INR in Million)	
	As at March 31, 2023	As at March 31, 2022
Discount rate	7.20%	6.70%
Salary growth rate	6.00%	6.00%
Withdrawal rate	15% at younger ages reducing to 3% at older ages	15% at younger ages reducing to 3% at older ages
Mortality rate	Indian Assured Lives Mortality (2006-08)	Indian Assured Lives Mortality (2006-08)

A quantitative sensitivity analysis for significant assumption is as shown below:

Particulars	Sensitivity level	(INR in Million)	
		As at March 31, 2023	As at March 31, 2022
Discount rate	0.50% increase	(0.18)	(0.11)
	0.50% decrease	0.20	0.11
Salary Growth Rate	0.50% increase	0.15	0.07
	0.50% decrease	(0.13)	(0.07)
Withdrawal rate	10% increase	0.04	-
	10% decrease	(0.02)	-

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period. The sensitivity analyses are based on a change in a significant assumption, keeping all other assumptions constant. The sensitivity analyses may not be representative of an actual change in the defined benefit obligation as it is unlikely that changes in assumptions would occur in isolation from one another.

The estimates of the future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Since the obligation is unfunded, there is no Assets-Liability Matching strategy device for the plan. Accordingly, there is no expected contribution in the next annual reporting period reported.

43. Financial instrument risk management objectives and policies

The Company's principal financial liabilities comprise borrowings and trade & other payables. The main purpose of these financial liabilities is to finance the Company's operations as well development and maintenance of SPVs project. The Company's principal financial assets include investments, trade receivables, other receivables, loans and cash and bank balances, which are been derived directly from its operations.

The Company's activities expose it to market risk, credit risk and liquidity risk. The company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

The Board of Directors have overall responsibility for the establishment and oversight of the Company's risk management framework. Risk management systems are reviewed periodically to reflect changes in market conditions and the Company's activities. The Board of Directors oversee compliance with the Company's risk management policies and procedures, and reviews the risk management framework.

(a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk. Financial instruments affected by market risk include borrowings, investments, trade receivables, loans, other receivables, trade and other payables.

Within the various methodologies to analyse and manage risk, Company has implemented a system based on "sensitivity analysis" on symmetric basis. This tool enables the risk managers to identify the risk position of the entities. Sensitivity analysis provides an approximate quantification of the exposure in the event that certain specified parameters were to be met under a specific set of assumptions. The risk estimates provided here assume:

- a parallel shift of 25-basis points of the interest rate yield curves in all currencies

Notes to Standalone Financial Statement for the year ended March 31, 2023

The potential economic impact, due to these assumptions, is based on the occurrence of adverse / inverse market conditions and reflects estimated changes resulting from the sensitivity analysis. Actual results that are included in the Statement of profit & loss may differ materially from these estimates due to actual developments in the global financial markets.

The analyses exclude the impact of movements in market variables on: the carrying values of gratuity and provisions.

The following assumption has been made in calculating the sensitivity analyses:

- The sensitivity of the relevant statement of profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2023 and March 31, 2022.

(i) Interest rate risk

Interest rate risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Interest risk arises to the company mainly from non - current borrowings with variable rates. The Company maintains its borrowings at fixed rate using interest rate swaps to achieve this when necessary. The company manages its cash flow interest rate risk by using floating-to-fixed interest rate swaps. The company measures risk through sensitivity analysis.

The banks are now finance at variable rate only, which is the inherent business risk.

Interest rate sensitivity

The Company is not exposed to interest rate risk because its borrowings in Non convertible debenture carries fixed interest rate.

(ii) Equity price risk

The Company's non-listed equity securities are susceptible to market price risk arising from uncertainties about future values of the investment securities. Reports on the equity portfolio are submitted to the Company's senior management on a regular basis. The Company's Board of Directors reviews and approves all equity investment decisions.

(b) Credit risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk related to operating activities (primarily trade receivables and other financial assets), financing activities including temporary Investment in mutual fund and other financial instruments.

Trade receivable mainly consist of receivable from related parties. Accordingly, the Company is not exposed to credit risk in relation to Trade receivable.

Credit risk from balances with banks and financial institutions is managed by the Company's finance department in accordance with the Company's policy. Investments of surplus funds are made only in accordance with company policy. The Company monitors the ratings, credit spreads and financial strength of its counterparties. Based on its on-going assessment of counterparty risk, the Company adjusts its exposure to various counterparties. The Company's maximum exposure to credit risk from balance with bank and financial instructions as of March 31, 2020 is INR 339.21 million, March 31, 2019 is INR 128.22 million.

(c) Liquidity risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company's objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company closely monitors its liquidity position and deploys cash management system. It maintains adequate sources of financing including debt at an optimised cost.

The company measures risk by forecasting cash flows.

The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due without incurring unacceptable losses or risking damage to the Company's reputation. The Company ensures that it has sufficient fund to meet expected operational expenses, servicing of financial obligations.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

45.1 The company and Adani Road Transport Limited (ARTL) executed Share Purchase Agreement (SPA) on August 16, 2021 (Amended and restated on January 27, 2022), for sale of its equity shares of Maharashtra Border Check Post Network Limited (MBCPNL) a wholly owned subsidiary of the Company, out of which 49% shares have been acquired by ARTL. During the year ended on March 31, 2022, the company has received consideration of INR 3,575 million and it has recognised loss of INR 785.19 million in relation of transfer of 49% stake. Balance 51% shares held by the company in MBCPNL will be transferred to ARTL in terms of SPA, subject to inter alia the satisfaction of the relevant conditions precedent and receipt of requisite regulatory approvals/consents ("the Transaction"). Consequent to this agreement, the amount of 51% shares of MBCPNL alongwith the short term loan to MBCPNL amounting to INR 1,307.23 Million have been classified as Assets held for Sale in accordance with IND AS-105 - Non current Assets held for Sale and Discontinuing Operations.

45.2 The Company has investments of INR 309.03 million and subordinate debts of INR 1,040.97 million in one of its subsidiaries namely Sadbhav Bangalore Highway Private Limited (SBGHPL or concessionaire), a subsidiary company which is engaged in construction, operation and maintenance of infrastructure project under concession agreement with National Highways Authorities of India (NHAI), the lenders of the subsidiary have notified to NHAI about exercise of their right of substitution of concessionaire in the month of January, 2022. Subsequently, the lenders have approved the anchor offer received from the Gawar Construction Limited in the month of October 2022 for the purpose of substitution of the Company, subject to execution of appropriate documentation for recording the terms and conditions relating to the proposed substitution of the Company. Consequently, the balances of SBGHPL in the books of the company have written off, impaired during the twelve months ended on March 31, 2023.

Notes to Standalone Financial Statement for the year ended March 31, 2023

- 45.3** The Company has investments of INR 116.50 million and subordinate debts of INR 1240.51 million in one of its subsidiaries namely Sadbhav Jodhpur Ring road Private Limited (SJRRPL or concessionaire), a subsidiary company which is engaged in construction, operation and maintenance of infrastructure project under concession agreement with National Highways Authorities of India (NHAI), there is delay in physical work progress due to delay in handing over the land from Authority (NHAI), delay in approval of Change of scope of work, non-funding by the lenders and nationwide lockdown due to Covid-19. Further the NHAI in the month of January 2022 at the request of the company has given in principal approval for harmonious substitution of the concessionaire i.e. SJRRPL subject to various terms and conditions. Pursuant to this, definitive agreement was entered into between company, SJRRPL, Sadbhav Engineering Limited (The ultimate holding company) and Gawar Construction Limited (GCL) as on June 28, 2022 for substitution of the SJRRPL with the new SPV to be nominated by GCL and also executed endorsement agreement between the SJRRPL and JRR Highways Private Limited (new concessionaire) dated July 13, 2022 with the approval of NHAI for implementation of the project by new concessionaire in substitution of the SJRRPL. In terms of these agreements the project and project assets as defined in the Concession Agreement along with the relevant rights and obligations of the SJRRPL are transferred the new concessionaire in consideration of INR 520 Millions. Consequently, all the balances outstanding in the books of SJRRPL as at Sept 30, 2022 related to project are adjusted against the consideration receivable from the GCL. Consequently, the following treatment related to the balances of SJRRPL in the books of the company are given during the year ended on March 31, 2023.

The net worth of this subsidiary company has fully eroded.

Further the toll collection was forcefully suspended due to agitation and protest held by farmers and other unions against agri-marketing laws from December 25, 2020. Accordingly, the subsidiary company could not collect toll user fees from December 25, 2020. The subsidiary company had sent various communications to NHAI for such forceful suspension of toll. The said subsidiary company has issued notice for termination of concession agreement on July 27, 2021 considering the above event as Force Majeure Event in terms of concession agreement. The said subsidiary has filed claim amounting to INR 39,578.44 million relating to termination payments, O&M cost due to force majeure, Covid claim & demonetization etc. with NHAI in terms of concession agreement. In respect of such claims, NHAI has approached to the company for settlement of all these claims by way of conciliation proceedings, which has been consented by the company.

Considering the management assessment of probability and tenability of receiving above claims from NHAI as per the terms of concession agreement, which is backed by legal opinion and communications from NHAI for conciliation, the management has assessed that there is no impairment in the value of investments made by the company in the subsidiary and consequently no provision/adjustment to the carrying value of Investments and subordinate debts, loans and advances and trade and other receivables as at March 31, 2023 is considered necessary.

The statutory auditors have expressed qualified opinion on financial results in respect of above as regards recoverable value of Company’s investment (including subordinate debt) and loans, trade & other receivable given to RPTPL.”

Independent Auditor's Report on the Consolidated Financial Statements

To
the Members of **Sadbhav Infrastructure Project Limited**

Report on the Audit of the Consolidated Financial Statements

Qualified Opinion

We have audited the accompanying consolidated financial statements of **Sadbhav Infrastructure Project Limited** (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), comprising of the consolidated Balance Sheet as at March 31, 2023, the consolidated Statement of Profit and Loss including other comprehensive income, the consolidated Statement of Cash Flows, the consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries, except for the matters described in the "Basis for Qualified Opinion" section of our report, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act"), as amended in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, as at March 31, 2023, their consolidated loss including other comprehensive income and their consolidated cash flows and consolidated statement of changes in equity for the year ended on that date.

Basis for Qualified Opinion

1. As detailed in Note 48 & Note 49 of the accompanying Consolidated Financial Statements, with respect to **Rohtak Panipat Tollway Private Limited (RPTPL)** and **Rohtak Hisar Tollway Private Limited (RHTPL)**, subsidiaries of the Group in which interest on rupee term loan from banks and financial institutions as well as unsecured loans from group companies have not been accounted considering the fact that both subsidiaries have issued termination notices and lenders of both subsidiaries have classified all the secured borrowings as non-performing assets. This has resulted in the understatement of finance cost and the related interest liability and corresponding understatement of losses, amount of which is unascertained.

The auditors of RPTPL and RHTPL have expressed qualified opinion on the financial statement of RPTPL and RHTPL for the year ended March 31, 2023 vide their Auditor's Report dated May 25, 2023.

2. As detailed in Note 53 of the accompanying consolidated Financial Statements, with respect to **Sadbhav Jodhpur Ring Road Private Limited (SJRRPL)**, subsidiary of the group in which Goods and Service Tax credit receivables are carried in the Balance sheet at INR 155.45 Million under Other Current assets. However, during financial year 2022-2023, the SJRRPL does not have any business activity, nor are we informed about the management plan for taking up other business activity.

Hence we are unable to comment about the utilization/realization of such tax credits in foreseeable future.

3. As detailed in Note 54 of the accompanying consolidated Financial Statements, with respect to **Sadbhav Bangalore Highway Private Limited (SBGHPL)**, subsidiary of the group in which Goods and Service Tax credit receivables are carried in the Balance sheet at INR 426.74 Million under the Other Current assets. However, during financial year 2022-2023, the SBGHPL does not have any business activity, nor are we informed about the management plan for taking up other business activity.

The auditors of SBGHPL have expressed qualified opinion on the financial statement of SBGHPL for the year ended March 31, 2023 vide their Auditor's Report dated May 26, 2023 mentioning that they are unable to comment about the utilization/realization of such tax credits in foreseeable future.

4. As detailed in Note 55 of the accompanying statement, with respect to **Sadbhav Vidarbha Highway Limited (Concessionaire or SVHL)**, subsidiary of the group in which case lenders of SVHL has exercised right of substitution of concessionaire in the month of February, 2023. The Concessionaire vide its letter dated May 5, 2023 had recommended National Highway Authority of India (NHAI), harmonious substitution of concessionaire. The approval of NHAI is awaited. As mentioned in the said note, no adjustment to the carrying value of assets and liabilities have been made in financial statements of SVHL and the financial statements of SVHL is prepared on going concern basis. Owing to the uncertainty of outcome of substitution proceedings and lack of other alternate audit evidence, we are unable to comment about adjustment that may be required to the carrying value of assets and liabilities and their consequential impact on financial position of the Group as on March 31, 2023.

The auditors of SVHL have expressed qualified opinion on the financial statement of SVHL for the year ended March 31, 2023 vide their Auditor's Report dated May 26, 2023.

5. As detailed in Note 56 of the accompanying statement, with respect to **Sadbhav Nainital Highway Limited (Concessionaire or SNHL)**, subsidiary of the group in which case National Highway Authority of India (NHAI) vide its letter dated April 17, 2023 has given In-Principal approval for harmonious substitution of concessionaire. As mentioned in the said note, no adjustment to the carrying value of assets and liabilities have been made in the financial statements of SNHL and the financial statements of SNHL is prepared on going concern basis pending finalization of substitution.

The auditors of SNHL have expressed qualified opinion on the financial statement of SNHL for the year ended March 31, 2023 vide their Auditor's Report dated May 26, 2023.

We conducted our audit of the Consolidated Financial Statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013 (the Act). Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the consolidated financial statements" section of our report. We are independent of the group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act and the

Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our qualified audit opinion on the consolidated financial statements.

Material uncertainty related to going concern

We draw attention to Note no. 63 to the accompanying consolidated Financial Statements, which indicates that, Group's accumulated losses exceeds paid-up capital and reserves by INR 1651.59 million and, as of that date the current liabilities of the Group exceeded the current assets by INR 5959.07 million. and the Group finds difficulty in meeting obligations of payment to suppliers and statutory dues. Further, Group is in the process of divestment of its investment in subsidiary companies and subsidiary companies finds difficulty in meeting obligation of lenders and accounts by the lenders of some of the subsidiary companies have been classified as Non-Performing Assets. These events or conditions along with other matters as set forth in the said note indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Management's evaluation of the events and conditions and management's plans regarding these matters are also described in the said note.

Emphasis of Matter

We draw attention to:

- Note 48 & 49 of the of the accompanying consolidated financial statements with respect to preparation of financial statement of Rohtak Panipat Tollway Private Limited (RPTPL) and Rohtak Hissar Tollway Private Limited (RHTPL), subsidiaries of the group, on non-going concern basis on account of issue of termination notice by RPTPL and RHTPL to Nation Highway Authority of India (NHAI) and consequently following adjustments to carrying value of assets and liabilities considering non going concern basis.
 - Transfer of carrying value of intangible assets to claims receivable from NHAI
 - De recognition of major maintenance obligation and/or premium obligation under concession agreement.
- Note 59 of the consolidated financial statements in respect of accounting of Intangible Asset/ Intangible Assets under Development of INR 2,228.84 million under the Service Concession Arrangement of one of the subsidiaries of the group namely Maharashtra Border Check Post Network Limited (MBCPNL) based upon recommendation made by the project lenders' engineer and technical experts appointed by project authorities. Pending final approval by the Government of Maharashtra, no adjustments are considered necessary in these consolidated financial statements.

Our opinion is not modified in respect of the above matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the financial year ended March 31, 2023. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

In addition to the matter described in the 'Material Uncertainty Related to Going Concern' section, we have determined the matters described below to be key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures performed by us and by other auditors of components not audited by us, as reported by them in their audit report furnished to us by the management, including those procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Key audit matters	How our audit addressed the key audit matter
<p>Impairment of Toll Collection Rights and Amount Receivable under Service concession arrangement (Other than SVHL and SNHL) (as described in note 3.8 of the consolidated financial statements)</p> <p>The Group operates toll asset which is constructed on Build Operate and Transfer (BOT) basis and Hybrid Annuity (HAM) assets. The carrying value of the Toll Collection Rights ('TCR') and amount Receivable under Service concession arrangement as at March 31, 2023 is INR 1601.63 million and INR 11897.29 million respectively.</p> <p>For the purpose of impairment testing, recoverable amount has been determined based on discounted future cash flows. Further, the recoverable amount is highly sensitive to changes in key assumptions used for forecasting the future cash flows including growth rate, discount rate, change in traffic and tolls and future operating and finance cost. Key audit matters	How our audit addressed the key audit matter
<p>The Group has certain operational BOT assets and under construction hybrid annuity assets of road infrastructure under the concession agreement with National Highway Authority of India (NHAI) or state/local authorities which falls within the scope of Appendix C of Ind AS 115, Service Concession Arrangements.</p> <p>In case of operational BOT assets (intangible), the Company operates and earns revenue by collecting toll on the road constructed. This involves large volume of cash collection and use of technology, specifically, customized equipment installed at the toll plaza for correctly identifying vehicle type, calculating fare and for appropriate billing and collection. Revenue from Toll operation for the year ended on March 31, 2023 is INR 4867.56 millions.</p> <p>In case of hybrid annuity assets (financial assets), the group provides construction and operational and maintenance services against fixed annuity receivable from NHAI under the concession agreement. Revenue recognition involves significant judgement and estimates relating to identification of distinct performance obligations, determination of fair value of services and finance income on financial assets using effective interest rate. Revenue from Construction Services for the year ended on March 31, 2023 is INR 3342.74 millions.</p> <p>Based on above, we regard this as the key audit matter.</p>	<p>Our audit procedures included but were not limited to:</p> <ul style="list-style-type: none"> • Obtained an understanding of the processes and controls placed for revenue recognition process, evaluated the key controls around such process and tested those controls for the design and operating effectiveness. • Below are our audit procedures in respect of revenue from Toll Operation: <ul style="list-style-type: none"> • Tested Information Technology General Controls (ITGCs) and application controls relating to the tolling systems' operation, including access, operations and change management controls. • Obtained and tested reconciliation of toll collected as per transaction report (generated from toll system) with cash deposited in bank and revenue recorded in the books. • Tested the rationalisation done by management by multiplying the toll rate charged for each category of vehicle as per NHAI or state/local authorities' notification with the number of vehicles (as per transaction report) and its reconciliation with the revenue recorded in the books. • On test check basis, traced the daily collection from bank statement to daily cash toll collected and the revenue recorded. • Performed analytical procedures to detect unusual transactions/trends for further examination, including testing of exemptions and other dispensations allowed. • On test check basis, tested classification of vehicle independently from stored images and videos recorded by the Group. • Performed revenue cut off procedures. • Below are our audit procedures in respect of revenue from hybrid annuity assets: <ul style="list-style-type: none"> • Obtained and assessed key terms of the concession agreement. • Obtained and assessed basis of identification performance obligation and determination of fair value of services. • Obtained and assessed the key assumptions around the financial model like forecasting of price escalation and corresponding costs which is used during financial closure documents. • Tested the arithmetical accuracy of the model as well determination of effective interest rate. • Assessed the relevant disclosures made by the Group relating to the revenue.
Receivable from authorities toward various claims (as described in note 13 of the consolidated financial statements)	
<p>As at March 31, 2023, the Group has recognised INR 23,659.44 million of receivables from authorities towards various claims.</p> <p>The receivables comprise of receivables towards arbitration claim, toll suspension, Termination Payment, Operation & Maintenance claims and toll exemption claim.</p> <p>The assessment of the recoverability of receivables requires significant judgment and hence, this is considered as a key audit matter.</p>	<p>Our audit procedures included but were not limited to:</p> <ul style="list-style-type: none"> • Inquired status of receivable with the management and understood the management rational of recoverability of such receivable. • Obtained and assessed supporting documents / correspondences with authorities related to such receivable. • Assessed the disclosures made by the Group in relation to this matter. • Assessed the reasonability of judgements exercised and estimates made by management with respect to the amount receivable from authorities and validated them with corroborating evidence.

Information Other than the Consolidated Financial Statements and Auditor's Report thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report but does not include the Consolidated financial statements and our auditor's report thereon. The other information is expected to be made available to us after the date of this auditor's report. Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing

so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

When we read the other information report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance to initiate actions applicable in the applicable laws and regulations.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group of which we are the independent auditors and whose financial information we have audited, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the

audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the financial year ended March 31, 2023 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements and other financial information in respect of 14 subsidiary companies, whose financial statements reflect total assets (before consolidation adjustments) of Rs. 72,056.31 Million as at March 31, 2023, total revenues (before consolidation adjustments) of Rs. 7,939.51 Million, total net profit/(loss) after tax (before consolidation adjustments) Rs. (793.89) Million, total comprehensive income of (before consolidation adjustments) Rs. (792.58) Million for the year ended on that date respectively and net cash inflows/(outflows) (before consolidation adjustments) for year ended March 31, 2023 of Rs. (467.39) Million.

These financial statements and other financial information have been audited by other auditors, of which financial statements, other financial information and auditors reports have been furnished to us by the management.

Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of such auditors.

Our opinion above on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Annexure 1 to the Independent Auditor's Report of even date on the Consolidated Financial Statements of Sadbhav Infrastructure Project Limited.

(Referred to in paragraph 1(g) under "Report on Other legal and Regulatory Requirements" section of our report the member of Sadbhav Infrastructure Project Limited of even date)

Report on the Internal Financial Controls with reference to Consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of Sadbhav Infrastructure Project Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group') as at and for the year ended 31 March 2023, we have audited the internal financial controls with reference to Consolidated financial statements of the Holding Company and its subsidiary companies, which are companies covered under the Act, as at that date.

Responsibility of the Management and Those Charged with Governance for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary companies, which are companies covered under the Act, are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to Consolidated financial statements criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India (the 'ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the it's business, including adherence to the respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by ICAI prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to the Consolidated financial statements and the Guidance Note issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to the consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to the consolidated financial statements includes obtaining an understanding such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our qualified audit opinion on the internal financial controls with reference to the consolidated financial statements.

Meaning of Internal Financial Controls with Reference to Consolidated Financial Statements

A Holding company's internal financial control with reference to the consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidate financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls with Reference to these Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to the consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to the consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to the information and explanations given to us and based on our audit, the following material weaknesses has been identified in the operating effectiveness of the Group's internal financial controls with reference to consolidated financial statements as at March 31, 2023:

- The Holding Company's internal process with regards to the confirmation and reconciliation of trade payables, trade receivables, other incidental balances pertaining to the said trade payables and trade receivables are not operating effectively which could results into possible adjustment of balances.
- The Holding Company has inadequate system for processing of journal entries in accounting software indicating absence of maker checker system which could results into possible effect to the processing of transaction and its consequential effect on balances.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control with reference to the financial statements of the Holding Company, such that there is a reasonable possibility that a material misstatement of the Holding company's annual or interim financial statements of the holding company will not be prevented or detected on a timely basis.

In our opinion and based on the consideration of the report of other auditors on internal financial controls with reference to financial statements of subsidiary companies, the Holding Company and its subsidiary companies, which are companies covered under the Act, have in all material respects, adequate internal financial controls with reference to consolidated financial statements as at March 31, 2023, based on the internal control over financial reporting criteria established by the group considering the essential components of internal control stated in the Guidance Note issued by ICAI, and, except for the effects/possible effects material weakness described above on achievement of objective of control, the Group's internal financial controls with reference to these consolidated financial statements were operating effectively as at March 31, 2023.

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the consolidated financial statements of the Group which are companies covered under the Act, as at and for the year ended 31 March 2023, and these material weaknesses have not affected our opinion on the consolidated financial statements of the Group and we have not issued a qualified opinion on the consolidated financial statements.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements of the Holding Company, insofar as it relates to these 14 subsidiary companies have been audited by other auditors whose reports have been furnished to us by the management and our report on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements for the Holding Company and its subsidiary companies, as aforesaid, under Section 143(3)(i) of the Act in so far as it relates to such subsidiary companies is based solely on the reports of the auditors of such companies.

Our opinion is not modified in respect of this matter with respect to our reliance on the work done by and on the reports of the other auditors.

Notes to Consolidated Financial Statements for the year ended March 31, 2023

1. Company information:

The Consolidated Ind AS Financial Statements comprise of financial statements of Sadbhav Infrastructure Project Limited ('the Company' or 'SIPL') and its subsidiaries (collectively, 'the Group') for the year ended March 31, 2023. The Company is a public limited company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. Its shares are listed on two recognized stock exchanges in India. The registered office of the Company is situated at "Sadbhav House", Opp. Law Garden Police Chowki, Ellis bridge, and Ahmedabad - 380006.

The Group undertakes road and related infrastructure development projects directly or indirectly through Special Purpose Vehicles (SPVs) as per the concession agreements on BOT or Hybrid Annuity basis. The Company is a subsidiary of Sadbhav Engineering Limited ("SEL"), a company listed on Indian stock exchanges and engaged in providing engineering, procurement and construction services ("EPC") in the road and other infrastructure projects.

The consolidated financial statements were approved for issue in accordance with a resolution of the Board of Directors on May 28, 2023.

2. Basis of preparation:

2.1 The Consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015 as amended and presentation requirements of Division II of Schedule the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to consolidated financial statements.

The Consolidated financial statements have been prepared on accrual and historical cost basis, except for:

- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments):

The Consolidated financial statements are presented in Indian Rupee ('INR') which is also the Group's functional currency and all values are rounded to the nearest Million (INR 000,000), except when otherwise indicated.

2.2 Basis of Consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries listed below as at 31 March 2023. Control is achieved when the Company is exposed to, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has;

- Power over the investee (i.e. existing rights that give it the current liability to direct the relevant activities of investee)
- Exposure, or rights to variable returns from its involvement with the investee; and
- The ability to use its power over the investee to affect its returns

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Company has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The Contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights
- The size of the Group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders.

The Group re-assess whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed off during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary. As the financial assets and intangible assets recognized under service concession arrangement are acquired in exchange for infrastructure construction / upgrading services, gains / losses on intra group transactions are treated as realized and not eliminated on consolidation.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances.

The financial statements of each of the subsidiaries used for the purpose of consolidation are drawn up to same reporting date as that of the Company, i.e. year ended on 31 March.

Consolidation Procedure:

- i) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognized in the consolidated financial statements at the acquisition date.

Notes to Consolidated Financial Statements for the year ended March 31, 2023

- ii) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Goodwill policy explains how to account for any related goodwill.
- iii) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group. Profits or losses resulting from intragroup transactions that are recognized in assets, such as inventory and fixed assets, are eliminated in full, except as stated in point iv. Intragroup losses may indicate an impairment that requires recognition in the consolidated financial Statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.
- iv) The Build, Operate & Transfer (BOT)/ Hybrid Annuity Model (HAM) / Design, Build, Finance, Operate & Transfer (DBFOT) contracts are governed by service concession agreements with government authorities (Grantor). Under these agreements, the operator (Group Companies) which are Special Purpose Vehicles, does not own the Infrastructure assets, but gets toll collection/service fee rights against the construction services rendered. Since the construction revenue earned by the Group companies is considered as exchanged with the grantor against toll collection/service fee rights, profit from such contracts is considered as realized. Accordingly, the intra group transactions on BOT/DBFOT contracts and the profits arising thereon are taken as realized and not eliminated.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flow relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- Derecognises the assets (including goodwill) and liabilities of the subsidiary at their carrying amounts at the date when control is lost
- Derecognises the carrying amount of any non-controlling interests
- Recognises the fair value of the consideration received
- Recognises the fair value of any investment retained
- Recognises any surplus or deficit in profit or loss

Notes to Consolidated Financial Statements for the year ended March 31, 2023

Notes:

- i. All the above entities have principal nature of activity is Infrastructure and are incorporated in India.
- ii. The concession agreements with National Highway Authority of India (NHAI) are terminated in case of these subsidiaries during the year.

3. Summary of significant accounting policies

The following are the significant accounting policies applied by the group in preparing its consolidated financial statements:

3.1 Business combinations and goodwill/Capital Reserve:

The excess of cost to the group of its investments in subsidiary companies over its share of the equity of the subsidiary companies at the dates on which the investments in the subsidiary companies are made, is recognized as 'Goodwill' being an asset in the Consolidated Financial Statements. This Goodwill is tested for impairment at the close of each financial year. Alternatively, where the share of equity in the subsidiary companies as on the date of investment is in excess of cost of investment of the group it is recognized as 'Capital Reserve' in the consolidated financial statements.

3.2 Current versus non-current classification

The Group presents assets and liabilities in the Balance Sheet based on current/non-current classification. An asset is current when it is:

- Expected to be realized or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle;
- Held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating cycle

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

3.3 Service concession arrangement

Toll Collection / User fee right (BOT Model):

The Group builds infrastructure assets viz roads / infrastructure facilities under public-to-private Concession Arrangements which it operates and maintains for periods specified in the Concession Arrangements.

Under the Concession Agreements, where the Group has received the right to charge users of the public service, such rights are recognized and classified as "Intangible Assets" in accordance with Appendix D to Ind AS 115. Such right is not an unconditional right to receive consideration because the amounts are contingent to the extent that the public uses the service and thus are recognized and classified as intangible assets. Such an intangible asset is recognized by the Group at cost (which is the fair value of the consideration received or receivable for the construction services delivered) and is capitalized when the project is complete in all respects and when the subsidiary companies receives the completion certificate from the authority as specified in the Concession Agreement. In case of MBCPNL (entity operating multiple border check posts in the state of Maharashtra), each check post is capitalized when the MBCPNL receives completion certificate from the authority. The economics of the project is for the entire length of the road / infrastructure as per the bidding submitted by the Group.

Financial Assets Model

The group recognizes the considerations given by the grantor i.e. National Highway Authority of India ('NHAI') in accordance with Appendix D to Ind AS 115. The group recognizes a financial asset to the extent that it has an unconditional contractual right to receive cash or another financial asset from or at the direction of the grantor of the contract for the construction services; the grantor has little, if any, discretion to avoid payment, usually because the agreement is enforceable by law.

Notes to Consolidated Financial Statements for the year ended March 31, 2023

Premium capitalization

Under some of the concession agreements, the Group has contractual obligation to pay premium (concession fees) to National Highway Authority of India (“NHAI”), Grantor, over the concession period. Such obligation has been recognized upfront on a discounted basis when the project gets completed as per the Concession Agreements as ‘Intangible assets – Toll Collection Right’ and corresponding obligation for committed premium is recognized as liabilities.

Amortization

The intangible assets which are recognized in the form of Toll collection / user fee right to charge users of the infrastructure asset are amortized by taking proportionate of actual revenue received for the year over Total Projected Revenue from project to Cost of Intangible assets i.e. proportionate of actual revenue earned for the year over Total Projected Revenue from the Intangible assets expected to be earned over the balance concession period as estimated by the management.

As required, total Projected traffic or revenue are reviewed by the management at the end of each financial year and accordingly, the total projected traffic or revenue is adjusted to reflect any changes in the estimates which lead to the actual number of traffic or revenue at the end of the concession period.

3.4 Revenue from contract with customers

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. The Group has generally concluded that it is the principal in its revenue arrangements because it typically controls the goods or services before transferring them to the customer.

i. Toll / check post operation services

Revenue from Toll operation services is recognized over a period as each toll road-user simultaneously receives and consumes the benefits provided by the Group. However, given the short time period over which the group provides road operating services to each road user (i.e. the duration of the time it takes the road user to travel the length of the toll road), the group recognizes toll revenue when it collects the tolls as per rates notified by NHAI / state authorities.

ii. Construction services

Revenue from construction services is recognized over a period as the customer simultaneously receives and consumes the benefits provided by the Group and measure revenue based on input method i.e. revenue recognized on the basis of cost incurred to satisfaction of a performance obligation relative to the total expected cost to the satisfaction of that performance obligation. If the outcome of a performance obligation satisfied over time cannot be reasonably measured, revenue is calculated using the zero-profit method in the amount of the contract costs incurred and probably recoverable.

The total costs of contracts are estimated based on technical and other estimates. In the event that a loss is anticipated on a particular contract, provision is made for the estimated loss. Contract revenue earned in excess of billing is reflected under as “contract asset” and billing in excess of contract revenue is reflected under “contract liabilities”.

Contract balances

Contract assets

A contract asset is the right to consideration in exchange for services transferred to the customer. If the Group performs by transferring services to a customer before the customer pays consideration or before payment is due, a contract asset is recognized for the earned consideration that is conditional.

Trade receivables

A receivable is recognized if an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in Note 3.14 Financial instruments – initial recognition and subsequent measurement.

Contract liabilities

A contract liability is recognised if a payment is received or a payment is due (whichever is earlier) from a customer before the Group transfers the related goods or services. Contract liabilities are recognised as revenue when the Group performs under the contract (i.e., transfers control of the related goods or services to the customer).

3.5 Other Income

Interest

For financial assets measured at amortized cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortized cost of a financial liability. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in other income in the statement of profit and loss.

Profit or loss on sale of Mutual Fund

Profit or Loss on sale of mutual fund is recorded on transfer of title from the Group and is determined as the difference between the sale price and carrying value of mutual fund and other incidental expenses.

Notes to Consolidated Financial Statements for the year ended March 31, 2023

Dividend

Dividend is recognized when the Group's right to receive the payment is established, which is generally when shareholders approve the dividend.

3.6 Property, Plant and Equipment:

Property, Plant and Equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost comprises the purchase price, borrowing costs if the recognition criteria are met and directly attributable cost of bringing the assets to its working condition for its intended use. When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives.

All other expenses on existing property plant and equipment, including day-to-day repair and maintenance expenditure are charged to the consolidated statement of profit and loss for the period during which such expenses are incurred.

De-recognition

An item of property, plant and equipment is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Consolidated Statement of Profit and Loss when the asset is de-recognized.

Depreciation

Depreciation on Property, Plant and Equipment is provided on the written down value method basis over useful lives of the assets as prescribed under Part C of Schedule II to the Companies Act, 2013. When parts of an item of property, plant and equipment have different useful life, they are accounted for as separate items (Major Components) and are depreciated over their useful life or over the remaining useful life of the principal assets whichever is less.

Depreciation for assets purchased/sold during a period is proportionately charged for the period of use.

The residual value, useful live and method of depreciation of Property, Plant and Equipment's are reviewed at each financial year end and adjusted prospectively, if appropriate.

3.7 Intangible assets:

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, Intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortized over their useful economic lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognized in the consolidated statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Intangible assets with indefinite useful lives are not amortized but are tested for impairment annually. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

An intangible asset is derecognised upon disposal (i.e., at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal. Any gain or loss arising upon derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the consolidated statement of profit and loss when the asset is derecognised.

Amortization

Software is amortized over management estimate of its useful life of 3-6 years

The residual value, useful live and method of depreciation of intangible assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

Intangible assets under development

Expenditure related to and incurred during implementation of infrastructure project are included under "Intangible Assets under Development". The same is transferred to the respective intangible assets on completion of project.

3.8 Impairment – Non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the group estimates the asset's recoverable amount or cash-generating unit's (CGU). An asset's recoverable amount is the higher of an asset's fair value less costs to sell and its value in use. The recoverable amount is determined for an individual asset which is

Notes to Consolidated Financial Statements for the year ended March 31, 2023

based on the discounting of estimated future cash flows to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. When the carrying amount of an asset or CUG exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. The impairment loss is recognized in the statement of profit and loss.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

The Group bases its impairment calculation on detailed budgets and forecasts calculation (DCF method). These budgets and forecast calculations are generally covering a period of the concession agreements using long terms growth rates applied to future cash flows.

Intangible assets with indefinite useful lives are tested for impairment annually as and when circumstances indicate that the carrying value may be impaired and charges to consolidated statement of profit and loss accounts.

3.9 Investment Property

Investment Property is measured initially at cost including related transaction costs. Such cost comprises the purchase price and borrowing cost if capitalization criteria are met. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any. All day-to-day repair and maintenance expenditure are charged to the consolidated statement of profit and loss for the period during which such expenses are incurred.

An Investment property is derecognised either when it has been disposed of or when it has been permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in consolidated statement of profit or loss in the period of derecognition.

Transfers are made to (or from) investment property only when there is a change in use.

3.10 Inventory

Project Inventories are valued at lower of cost and net realizable value. Cost comprise all cost of purchase, and other costs incurred in bringing the inventories to their present location and condition. Cost of materials is determined on first-in-first-out basis. Net realizable value is the estimated selling price less estimated cost necessary to make the sale.

3.11 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the year they occur. Borrowing cost consist of interest and other costs that Group incurs in connection with the borrowing of funds as defined in Indian Accounting Standard 23 – Borrowing Cost.

3.12 Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Group as lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of building (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office building that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

3.13 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a.) Financial assets

1.) Initial recognition and measurement of financial assets

All financial assets are recognized initially at fair value. Transaction costs that are directly attributable to the acquisition of financial assets that are not at fair value through profit or loss are added to the fair value on initial recognition.

II.) Subsequent measurement of financial assets

For purposes of subsequent measurement, financial assets are classified in below categories:

- Financial assets at amortized cost
- Financial assets at fair value through profit or loss (FVTPL)
- **Financial assets at amortised cost**

A financial asset is measured at amortized cost if it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

- **Debt instruments at amortized cost**

A 'debt instrument' is measured at the amortized cost if both the above conditions mentioned in "Financial assets at amortized cost" are met. After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognized in the profit or loss.

- **Financial assets at fair value through profit or loss:**

Financial assets at fair value through profit or loss are carried in the balance sheet at fair value with net changes in fair value recognized in the statement of profit and loss.

In addition, the group may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The group has not designated any debt instrument as at FVTPL.

III.) De-recognition of financial assets

A financial asset is de-recognized when the contractual rights to the cash flows from the financial asset expire or the Group has transferred its contractual rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognize the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

IV.) Impairment of financial assets

The Group recognizes an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

The Group follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables and
- Other receivables

The application of simplified approach does not require the group to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the economic environment.

b.) Financial Liabilities

I.) Initial recognition and measurement of financial liabilities

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

All financial liabilities are recognized initially at fair value, in case of loan and borrowings and payables, fair value is reduced by directly attributable transaction costs.

Notes to Consolidated Financial Statements for the year ended March 31, 2023

II.) Subsequent measurement of financial liabilities

For purposes of subsequent measurement, financial liabilities are classified in two categories:

- Financial liabilities at fair value through profit or loss
- Financial liabilities at amortized cost (loans and borrowings)
- **Financial liabilities at fair value through profit or loss**
Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses on changes in fair value of such liability are recognized in the Consolidated Statement of Profit and Loss. The group has not designated any financial liability as at fair value through profit and loss.

- **Financial liabilities at amortised cost (Loans and Borrowings)**
After initial recognition, interest-bearing borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the consolidated statement of profit and loss. This category generally applies to borrowings.

- **Compound financial instruments**
Compound financial instruments are separated into liability and equity components based on the terms of the contract. At inception, the fair value of the liability component is determined using a market rate. This amount is classified as a financial liability measured at amortized cost (net of transaction costs) until it is extinguished on redemption.
- **Financial guarantee contracts**
Financial guarantee contracts issued by the Group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less, when appropriate, the cumulative amount of income recognized in accordance with the principles of Ind AS 115.

III.) Derecognition of financial liabilities

A financial liability (or a part of a financial liability) is derecognized from its balance sheet when the obligation specified in the contract is discharged or cancelled or expired.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

c.) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if the Group currently has enforceable legal right to offset the re-cognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

3.14 Fair Value Measurement

The Group measures financial instruments such as derivatives and Investments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

Notes to Consolidated Financial Statements for the year ended March 31, 2023

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefit by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Quoted (unadjusted) market price in active markets for identical assets or liabilities

Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Group's management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments.

At each reporting date, the management analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Group's accounting policies. For this analysis, the management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The management also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable on yearly basis.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy, as explained above.

3.15 Employee Benefits

a.) Short Term Employee Benefits

All employee benefits expected to be settled wholly within 12 months after the end of the reporting period are classified as short-term benefits. Such benefits include salaries, wages, bonus, short term compensation etc. and the same are recognized as an expense in the consolidated statement of profit and loss in the period in which the employee renders the related services.

b.) Post-Employment Benefits

(i) Defined contribution plan

The Group's approved provident fund scheme is defined contribution plans. The Group has no obligation, other than the contribution paid/payable to the provident fund and employee state insurance fund. The Group recognize contribution paid/payable under the provident fund is charged to consolidated statement of profit & loss account during the period in which the employee renders the related service.

(ii) Defined benefit plan

The employee's gratuity scheme is a defined benefit plan. The present value of the obligation under such defined benefit plans is measured based on the actuarial valuation using the Projected Unit Credit Method as at the end of each financial year.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability are recognized immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income (OCI) in the period in which they occur. Re-measurements are not reclassified to Statement of Profit and Loss in subsequent periods.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Group recognizes the following changes in the net defined benefit obligation as an expense in the Statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

c.) Other employment benefits:

Notes to Consolidated Financial Statements for the year ended March 31, 2023

The employee's compensated absences, which is expected to be utilized or encashed within the next 12 months, is treated as short-term employee benefit. The Group measures the expected cost of such absences as the additional amount that it expects to pay as result of the unused entitlement that has accumulated at the reporting date. As per Group's policy, no leave is expected to be carried forward beyond 12 months from the reporting date.

3.16 Government grants

Government grants are recognized where there is reasonable assurance that grant will be received, and all attached conditions will be complied with. When the grant relates to an expense item. It is recognized as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognized as income in equal amounts over the expected useful life of the related assets.

3.17 Income tax

Income tax expense comprises current tax and deferred tax.

Current tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities in accordance with Income tax 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

Current income tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity). Current income tax is recognized in correlation to the underlying transaction either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the balance sheet approach. Deferred tax is recognized on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognized for all taxable temporary differences excepts when the deferred tax liability arises from the initial recognition of an asset or liability in a transaction that affects neither the accounting profit nor taxable profit or loss.

Deferred tax assets are recognized for all deductible temporary differences, carry forward of unused tax losses and carry forward of unused tax credits to the extent that it is probable that taxable profit will be available against which those temporary differences, unused tax losses and the carry forward of unused tax credit can be utilized excepts when the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that affects neither the accounting profit nor taxable profit or loss.

As per provision of Income tax Act 1961, the Group's subsidiaries are eligible for a tax holiday under section 80IA for a block of 10 consecutive assessment year out of 20 year beginning of toll operation. Accordingly, no deferred tax (assets or liabilities) is recognized in respect of temporary difference which reverse during tax holiday period, to the extent such gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of timing difference which is reverse after the tax holiday period is recognized in the year in which the timing difference originate. However, the Group restricts recognition of deferred tax assets to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. For recognition of deferred tax, the timing difference which originate first are considered to reverse first.

The carrying amount of deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the tax rules and tax laws that have been enacted or substantively enacted by the end of the reporting period.

The Group offsets deferred tax assets and deferred tax liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

Minimum alternate tax (MAT) paid in a year is charged to the consolidated statement of profit and loss as current tax for the year. The deferred tax asset is recognized for MAT credit available only to the extent that it is probable that the concerned company

Notes to Consolidated Financial Statements for the year ended March 31, 2023

will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the group recognizes MAT credit as an asset, it is created by way of credit to the consolidated statement of profit and loss and shown as part of deferred tax asset. The Group reviews the “MAT credit entitlement” asset at each reporting date and writes down the asset to the extent that it is no longer probable that it will pay normal tax during the specified period.

3.18 Provisions

General

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit or loss, net of reimbursements, if any.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost. Provision are reviewed at each balance sheet and adjusted to reflect the current best estimates.

Contractual obligation to restore the infrastructure to a specified level of serviceability

The Group has contractual obligations to maintain the road / infrastructure to a specified level of serviceability or restore the road / infrastructure to a specified condition before it is handed over to the grantor of the Concession Agreements. Such obligations are measured at the best estimate of the expenditure that would be required to settle the obligation at the balance sheet date. In case of intangible assets, the timing and amount of such cost are estimated and determined by estimated cash flows, expected to be incurred in the year of overlay. Such costs are recognized by charging it to revenue on the basis of units of usage method i.e. on the number of vehicles expected to use the project facility, over the period at the end of which the overlay is estimated to be carried out based on management estimates.

3.19 Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements. Contingent liabilities are reviewed at each balance sheet date.

3.20 Premium deferment

Premium deferral (i.e. premium payable less paid after adjusting premium deferment) is aggregated under premium deferred obligation in the balance sheet. The interest payable on the above is aggregated under premium deferral obligation. Interest on premium deferral is charged to the statement of profit and loss.

3.21 Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, that are readily convertible to a known amount of cash and subject to an insignificant risk of changes in value. For the purpose of the statement of cash flows, cash and cash equivalents consists of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered as integral part of the Group's cash management.

3.22 Cash dividend distribution to equity holders

The Group recognizes a liability to pay dividend to equity holders of the parent when the distribution is authorized, and the distribution is no longer at the discretion of the Group. As per the corporate laws in India, a distribution is authorized when it is approved by the shareholders. A corresponding amount is recognized directly in equity.

3.23 Earnings per share

Basic earnings per share is calculated by dividing the profit / loss for the year attributable to equity holders of the parent company by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share is calculated by dividing the profit / loss attributable to equity holders of the parent company by the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

3.24 Segment reporting

Based on management approach as defined in Indian Accounting Standard 108 – “Operating Segment”, Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker for evaluation of Group's performance.

Notes to Consolidated Financial Statements for the year ended March 31, 2023

3.25 Non-current assets held for sale

The Group classifies non-current assets as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use.

The criteria for held for sale classification is regarded as met only when the sale is highly probable, and the asset is available for immediate sale in its present condition. Actions required to complete the sale should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the sale and the sale expected within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Costs to sell are the incremental costs directly attributable to the disposal of an asset excluding finance costs and income tax expense.

Assets and liabilities classified as held for sale are presented separately from other items in the balance sheet.

4. Significant accounting judgements, estimates and assumption

The preparation of the Group's financial statements requires management to make estimates, judgments and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities and the accompanying disclosure, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

4.1 Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

Taxes

Deferred tax assets are recognized for unused tax credits to the extent that it is probable that taxable profit will be available against which the credits can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Service concession arrangement – Toll collection / user fee right

The Cash flow model indicates the cash flow to be generated over the project lifecycle. The key inputs of the model comprise of revenue inflows (Toll/user fee), expenses to incurred to earn the revenue, estimations on cost to build and maintain the asset, interest obligations based on financing pattern and other operational efficiencies. These inputs are based on circumstances existing and management judgement / assumption on the future expectations based on current situations. Judgements include management view on expected earnings in future years, changes in interest rates, cost inflation, government policy changes, etc. These input assumptions could affect the reported cash flow from the related assets and accordingly these assumptions are reviewed periodically.

Amortization - Toll collection / user fee right

The intangible assets which are recognized in the form of Toll right to charge users of the infrastructure asset are amortized by taking proportionate of actual revenue received for the year over Total Projected Revenue from project to Cost of Intangible assets. The estimation of total projection revenue requires significant assumption about expected growth rate and traffic projection for future. All assumptions are reviewed at each reporting date.

Provision for periodical Major Maintenance

Provision for periodical Major Maintenance obligations are measured at the best estimate of the expenditure that would be required to settle the obligation at the balance sheet date. The timing and amount of such cost are estimated and determined by estimated cash flows, expected to be incurred in the year of overlay. All assumptions are reviewed at each reporting date.

Revenue from contract with customer

The Group uses the input method for recognize construction revenue. Use of the input method require the group to estimate the efforts or costs expended to the date as a proportion of the total efforts or costs to be expended. Efforts or costs expended have been used to measure progress toward completion of performance obligation as there is a direct relationship between input and productivity. Provision for estimated losses, if any, on uncompleted performance obligation are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting date. Due to technical complexities involved in the budgeting process, contract estimates are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Notes to Consolidated Financial Statements for the year ended March 31, 2023

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

In case of Rohtak Panipat Tollway Private Limited (RPTPL), the subsidiary company has terminated the concession agreement with NHAI on July 27, 2021, by exercising the criteria of 'Event of Defaults' under concession agreement and the toll collection hand over to the NHAI by the Company, the company has filed a claim for Rs. 12,519.05 million as a termination payment and other Claims amounting to Rs. 3,395.57 million (refer note 48) on the account of O&M cost due to force majeure, Covid claim & demonetization claim to the NHAI. In respect of such claims, NHAI has approached to the subsidiary company for settlement of all these claims by way of conciliation proceedings during the year, which has been consented by the subsidiary company.
- On the basis of the above, the company has transferred the carrying value of intangible asset of INR 12,519.05 million to the other financial assets (i.e. receivable from the NHAI) and the management is of the view that claims are fully recoverable and as a result the receivable from NHAI are shown under other financial assets which is representing the carrying value of Intangible asset till the date of termination doesn't require any impairment suffered by the company due to NHAI defaults under CA.
- iii. Pursuant to the definitive share purchase agreement (SPA) dated 1 July 2019 related to sale of equity share of subsidiaries. Certain assets such as land, investment properties and arbitration claim receivable ('carve out assets') do not form part of the equity consideration and hence, all beneficial rights of the same are retained by the group. Accordingly, the group has accounted such carve out assets as receivable from respective entities in these consolidated financial statement.
- iv. Pursuant to demonetisation, concessioning authorities had announced suspension of toll collection at all roads from November 09, 2016 until December 02, 2016. based on subsequent notification and provisions of concession agreement with the relevant authorities, Ahmedabad Ring Road Infrastructure Limited (ARRIL), had claimed and recognised revenue of 41.01 million during the year 2016-17. In the current year, the company has received the partial claim of Rs 27.45 million out of the total claim of Rs 41.01 towards demontisation.

Deferred tax liabilities (net)	579.78	863.43
Total	579.78	863.43

- (e) Certain subsidiary companies have carried forward business losses aggregating INR 24,548.76 million (March 31, 2022: INR 20,741.67 million) under the Income Tax Act, 1961, which can be adjusted against taxable profits for limited period of 8 years of the respective year from the date of origin.

Deferred tax asset has not been recognised in respect of these unabsorbed losses as they may not be used to offset taxable profits elsewhere in the Group, which have arisen in subsidiaries that have been loss-making for some time, and there are no reasonable certainty supported by convincing evidence of recoverability in the near future. If the Group were able to recognise all unrecognised deferred tax assets, profit would increase by INR 6,417.62 million (March 31, 2022: INR 6,470.44 million).

- (f) The group offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

- The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the group does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.
- The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.
- The fair value of premium obligation is calculated by discounting future cash flows using rates as per RBI Bank rate + 2%.
- The carrying value of Group's interest-bearing borrowings are reasonable approximations of fair values as the borrowing carry floating interest rate.

35. Fair value hierarchy

The following table provides the fair value measurement hierarchy of the Group's assets and liabilities which are measured at fair value:

Quantitative disclosures fair value measurement hierarchy for financial assets and financial liabilities as at March 31, 2023 and March 31, 2022:

Total	12.71	19.47

B Defined benefit plans - Gratuity benefit plan:

The Group has a Gratuity benefit plan. Every employee who has completed five years or more of service gets a gratuity on the termination of his employment at 15 days salary (last draw salary) for each completed year of service. The scheme is unfunded in all entities except ARRIL where scheme is funded. The present value of obligation in respect of gratuity is determined based on actuarial valuation using the Project Unit Credit Method as prescribed by the Indian Accounting Standard - 19. Gratuity has been recognised in the financial statement as per details given below:

(INR in Million)

	As at March 31, 2023	As at March 31, 2022
Non-current	12.15	7.23

The principal assumptions used in determining above defined benefit obligations for the Group's plans are shown below:

	As at March 31, 2023	As at March 31, 2022
Discount rate	7.20%	6.70%
Salary Growth rate	6.00%	6.00%
Withdrawal rate	15% at younger ages, reducing to 3% at older ages	15% at younger ages, reducing to 3% at older ages
Mortality rate	Indian Assured Lives Mortality (2006-08)	Indian Assured Lives Mortality (2006-08)

A quantitative sensitivity analysis for significant assumption is as shown below:

(INR in Million)

Particulars	Sensitivity level	Year ended March 31, 2023	Year ended March 31, 2022
Discount rate	0.50% increase	(0.29)	(1.25)
	0.50% decrease	0.29	1.33
Salary Growth Rate	0.50% increase	0.22	1.29
	0.50% decrease	(0.22)	(1.21)
Attrition Rate	10% increase	-	0.26
	10% decrease	-	(0.67)

The sensitivity analysis above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period. The sensitivity analyses are based on a change in a significant assumption, keeping all other assumptions constant. The sensitivity analyses may not be representative of an actual change in the defined benefit obligation as it is unlikely that changes in assumptions would occur in isolation from one another.

The estimates of the future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Since the obligation is unfunded, there is no Assets-Liability Matching strategy device for the plan. Accordingly, there is no expected contribution in the next annual reporting period reported.

38. Revenue from contract with customers

38.1 Disaggregated revenue information

Set out below is the disaggregation of the Company's revenue from contracts with customers: (INR in Million)

	Year ended March 31, 2023	Year ended March 31, 2022
Type of service rendered		
Revenue from toll / check post operation services	4,867.56	3,895.25
Revenue from construction services	3,342.74	5,700.61
Total revenue from contracts with customers	8,210.30	9,595.86
Place of service rendered		
India	8,210.30	9,595.86
Total revenue from contracts with customers	8,210.30	9,595.86
Timing of revenue recognition		
Services transferred over time	8,210.30	9,595.86
Total revenue from contracts with customers	8,210.30	9,595.86

38.2 Contract balances

(INR in Million)

	As at March 31, 2023	As at March 31, 2022
Contract assets	581.52	520.52
Contract liabilities	1,208.53	2,574.11

Contract assets are initially recognised for revenue earned from the construction services render to the customer. Upon completion of work, the contract assets are classified as trade receivable.

Contract liabilities for the year ended March 31, 2023 include advance received under the concession agreement from the National Highway Authority of India ('NHAI') of amounting to INR 1,207.15 million (March 31, 2022: INR 2,573.63 million) which will be adjusted on a progressive basis against the services.

38.3 Performance obligation

Information about the company's performance obligations are summarised below:

a. Toll and Checkpost operation services

The performance obligation is satisfied over time as each toll road-user simultaneously receives and consumes the benefits provided by the Group. Given the short time period over which the group provides road operating services to each road user (i.e. the duration of the time it takes the road user to travel the length of the toll road), the Group recognises toll revenue when it collects the tolls.

b. Construction services

The performance obligation is satisfied over time as the assets is under control of customer and they simultaneously receives and consumes the benefits provided by the Group. The Group received progressive payment toward provision of construction services.

The transaction price allocated to the remaining performance obligations (unsatisfied or partially unsatisfied) as at 31 March are, as follows:

	Year ended March 31, 2023	Year ended March 31, 2022
Within one year	17,738.22	20,380.48
More than one year	9,399.09	14,632.94

38.4 Reconciliation of the amount of revenue recorded in Consolidated statement of Profit and loss is not required as there are no adjustments to the contracted price.

41. Disclosure related to Periodic Major Maintenance provisions:

Provision for major maintenance in respect of toll roads maintained by the Group under service concession arrangements and classified as intangible assets represents contractual obligations to restore an infrastructure facility to a specified level of serviceability in respect of such asset. Estimate of the provision is measured using a number of factors, such as contractual requirements, road usage, expert opinions and expected price levels. Because actual cash flows can differ from estimates due to changes in laws, regulations, public expectations, prices and conditions, and can take place many years in future, the carrying amounts of provision is reviewed at regular intervals and adjusted to take account of such changes. Below is the movement in provision for the year:

42. Segment Reporting

The operating segment of the group is identified to be "Build Operate and Transfer (BOT)/ Annuity Projects (including hybrid annuity) and its related activities", as the Chief Operating Decision Makers (CODM) reviews business performance at an overall group level as one segment and hence, no additional disclosures are required to be made under Ind AS 108 "Operating Segments". Further, the group also primarily operates under one geographical segment namely India. Revenue from one customer i.e concession authorities (NHAI) amounted to INR 1,780.96 million (31 March 2022: INR 2,667.15 million) arising during the year ended March 31,2023.

43. Operating Lease

The Group has taken office space on operating lease on short term basis. There are no sub-leases and the leases which are cancellable in nature at any point of time by either of parties. There are no restrictions imposed under the lease arrangements. There are neither any contingent rent nor any escalation clause in the lease arrangements. The Group has applied the 'short-term lease' recognition exemptions for above lease.

During the year, the Group has incurred expense relating to short-term leases (included in other expenses) INR 14.02 million (March 31, 2022: INR 2.61 million) toward above lease premises.

Notes to Consolidated Financial Statements for the year ended March 31, 2023

44. Financial risk management objective and policies:

The Group's principal financial liabilities comprise borrowings and trade & other payables. The main purpose of these financial liabilities is to finance the Group's operations as well as development and maintenance of SPVs project. The Group's principal financial assets include Investments, trade receivables, other receivables including those under service concession, loans and cash and bank balances, which has been directly derived from its operations.

The Group's business activities are exposed to variety of financial risks, namely market risk, credit risk and liquidity risk. The Group's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

The Board of Directors have overall responsibility for the establishment and oversight of the Group's risk management framework. Risk management systems are reviewed periodically to reflect changes in market conditions and the Group's activities. The Board of Directors oversee compliance with the Group's risk management policies and procedures, and reviews the risk management framework.

(a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk. Financial instruments affected by market risk include borrowings, Investments, trade and other receivables, loans, trade and other payables.

Within the various methodologies to analyse and manage risk, Group has implemented a system based on "sensitivity analysis" on symmetric basis. This tool enables the risk managers to identify the risk position of the entities. Sensitivity analysis provides an approximate quantification of the exposure in the event that certain specified parameters were to be met under a specific set of assumptions. The risk estimates provided here assume:

- a parallel shift of 25-basis points of the interest rate yield curves in all currencies.

The potential economic impact, due to these assumptions, is based on the occurrence of adverse / inverse market conditions and reflects estimated changes resulting from the sensitivity analysis. Actual results that are included in the Statement of profit & loss may differ materially from these estimates due to actual developments in the global financial markets.

The analyses exclude the impact of movements in market variables on: the carrying values of gratuity and provisions.

The following assumption has been made in calculating the sensitivity analyses:

- The sensitivity of the relevant statement of profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held as at March 31, 2023 and March 31, 2022.

(i) Interest rate risk

Interest rate risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Interest risk arises to the group mainly from non - current borrowings with variable rates. The Group maintains its borrowings at fixed rate using interest rate swaps to achieve this if necessary. The group manages its cash flow interest rate risk by using floating-to-fixed interest rate swaps. The group measures risk through sensitivity analysis.

The banks now finance at variable rate only, which is the inherent business risk.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of borrowings affected. With all other variables held constant, the Group's loss before tax is affected through the impact on floating rate borrowings, as follows:

(INR in Million)		
	Effect on profit before tax	
	Year ended March 31, 2023	Year ended March 31, 2022
Increase in 25 basis point	(102.39)	(134.11)
Decrease in 25 basis point	102.39	134.11

The effect of interest rate changes on future cash flows is excluded from this analysis.

(ii) Equity price risk

The Group's non-listed equity securities are susceptible to market price risk arising from uncertainties about future values of the investment securities. Reports on the equity portfolio are submitted to the Group's senior management on a regular basis. The Group's Board of Directors reviews and approves all equity investment decisions

(b) Credit risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk related to operating activities (primarily receivables from authorities and other financial assets), financing activities including temporary Investment in mutual fund and other financial instruments. The management of the group believes that the credit risk related to receivable from authorities are negligible as the same is receivable from the government authorities.

The group has significant credit exposure related to receivable from authorities which as mentioned below:

1. National Highway Authority of India - INR 21,490.24 million (March 31, 2022: INR 36,726.79 million).
2. State Government Authorities - INR 490.50 million (March 31, 2022: INR 578.92 million).

Notes to Consolidated Financial Statements for the year ended March 31, 2023

Credit risk from balances with banks and financial institutions is managed by the Group's finance department in accordance with the Group's policy. Investments of surplus funds are made only in accordance with group policy. The Group monitors the ratings, credit spreads and financial strength of its counterparties. Based on its on-going assessment of counterparty risk, the group adjusts its exposure to various counterparties. The Group's maximum exposure to credit risk from balance with bank and financial institutions as well as temporary investment in mutual fund as of March 31, 2023 is INR 522.29 million and March 31, 2022 is INR 1,674.54 million.

(c) Liquidity risk

Liquidity risk is the risk that the Group may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Group's objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Group closely monitors its liquidity position and deploys cash management system. It maintains adequate sources of financing including debt at an optimised cost.

The Group measures the risk by forecasting cash flows.

The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due without incurring unacceptable losses or risking damage to the Group's reputation. The Group ensures that it has sufficient fund to meet expected operational expenses, servicing of financial obligations.

The table below summarises the maturity profile of the Group's financial liabilities based on contractual undiscounted payments:

48. One of the subsidiaries of the Group namely Rohtak Panipat Tollways Private Limited (RPTPL) has issued the termination notice on July 27, 2021, to National Highway Authority of India (NHAI) by exercising the criteria of "Event of Defaults" under the concession agreement. Since the project of the company has been terminated, the management of RPTPL is of the view that going concern assumption for preparation of accounts is not appropriate and accounts have been drawn accordingly on non-going concern basis.

In this regard the management of RPTPL lodged total claims amounting to INR 39,578.44 million relating to termination payments, O&M cost due to force majeure, Covid claim & demonetization etc. In view of the above, RPTPL has given following accounting treatments in its financial statements for the quarter and year ended 31.03.2022:

- Impaired intangible assets related to Toll Collection Rights, amounting to INR 909.78 million and transferred balance amount from Intangible Assets to "Receivable from the NHAI" under the head Other Current Financial Assets. The management of RPTPL is of the view that amount recoverable from NHAI are fully recoverable.
- Written back the liability of premium obligation amounting to INR 3,695.92 million.
- Written back major maintenance provision amounting to INR 929.43 million.

During the quarter ended on March 31, 2023, RPTPL has reversed interest of INR 1,026.94 million provided during the earlier period considering the fact that the project of RPTPL has been terminated and lenders have classified loans as Non Performing Assets. For which statutory auditors have expressed qualified opinion on financial statements in this regards.

49. One of the subsidiaries of the group namely Rohtak Hissar Tollways Private Limited (RHTPL) has issued the termination notice on August 27, 2021, to NHAI by exercising the criteria of "Event of Defaults" under the concession agreement. Since the project of the company has been terminated, the management of RHTPL is of the view that going concern assumption for preparation of accounts is not appropriate and accounts have been drawn accordingly on non-going concern basis.

In this regard the management of RHTPL lodged total claims amounting to INR 14,969.77 million relating to termination payments, O&M cost due to force majeure, Covid claim & demonetization etc. In view of this RHTPL has given following accounting treatments in its financial statements for the quarter and year ended 31.03.2022:

- Transferred amount of Toll Collection Rights from Intangible Assets to Receivable from the NHAI under the head Other Current Financial Assets. Further, the management of RHTPL is of the view that amounts recoverable from NHAI are fully recoverable and hence no impairment loss is envisaged.
- Written back major maintenance provision amounting to INR 786.18 million.

During the quarter ended on March 31, 2023, RHTPL has reversed interest of INR 1,228.09 million provided during the earlier period considering the fact that the project of RHTPL has been terminated and lenders have classified loans as Non Performing Assets. For which statutory auditors have expressed qualified opinion on financial statements in this regards.
