NOTICE

Notice is hereby given pursuant to Regulation 29 read with Regulation 47 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 that a meeting of the Board of Directors of the Company is scheduled to be held on Friday, 9th August, 2019, inter alia, to consider and approve the Unaudited Standalone and Consolidated Financial Results of the Company for the quarter ended on 30th June, 2019. The said notice may also be accessed on the Company's website at www.rshramik.com and on the website of the Stock Exchange at www.bseindia.com

and accounts for about 13.8% of the people hired. In a presentation to the investors in Tokyo on Thursday, the company said as part of its initiative to improve efficiency it will give pink slips to workers around the world. Apart from India, Nissan will be asking over 1420 employees from US, about 1000 employees from Mexico, 830 in Indonesia and another 880 employees from two facilities in Japan will be asked to leave.

To be sure, Nissan Motor India as part of the new mid-term plan announced in September 2018 had come out with the Employee Voluntary Separation Scheme 2018 as part of its measures to cut cost. People in the know say the process had begun in India almost six months back, though not many employees warmed up to the scheme, a part of that 1700 workforce is part of the plan. Or its part Nissan Motor has not had a good time in the Indian market for over a decade long presence in the country. Its attempt to crack the mass market with the Datsun brand and challenge Maruti Suzuki failed miserably and the mother brand Nissan which took a back seat, while the focus had shifted on Datsun, the brand today sells lesser than some of the luxury car brands in India. Its latest attempt to reinforce the Nissan mother brand with the launch of Kicks SUV too failed miserably, with the model averaging merely about 200-300 units per month. The brand has been persistently hurt change in top management and weak sales and marketing strategy, say experts. At the end of FY-19, Nissan Motor India sold 36525 units registering a decline of 30% in a market that grew 3% and this despite the launch of new Kicks. Even in the three months of this financial year, Nissan Motor India's sales had halved to 5000 units with a market share of just 0.75% At the end of FY-18, Nissan Motor India was sitting on loss of Rs 238 crore on the revenue of about Rs 9777.8 crore, as per the data sourced Veratech Intelligence. Despite its sub-optimal presence in India, the exports have played key role in the survival of Nissan Motor's operation in the country. People close to the company say exports will continue to play an important role and with one new product plan for every year, Nissan will try harder to make its place in the Indian market
